OFSTED OUTSTANDING CRITEREA

Key Judgement Areas

Inspectors assess schools based on four key areas:

1. Quality of Education
2. Behaviour and Attitudes
3. Personal Development
4. Leadership and Management

Where relevant, inspectors will also assess:

- Early Years Provision
- Sixth-form Provision

Outstanding Criteria in Each Key Area

1. Quality of Education

To be outstanding, a school must:

- Meet all "Good" criteria securely and consistently.
- Provide an exceptional quality of education.
- Have a clearly defined and well-implemented curriculum that is embedded across the school.
- Ensure that teachers understand and implement the curriculum effectively.
- Deliver a curriculum that is well-sequenced and builds knowledge progressively.
- Produce high-quality work from students.
- Ensure all pupils achieve highly, including disadvantaged pupils and those with Special Educational Needs and Disabilities (SEND).

2. Behaviour and Attitudes

Outstanding schools must:

- Ensure pupils consistently demonstrate respect for others.
- Create an environment where differences are valued and bullying is not tolerated.
- Foster highly positive attitudes towards learning and encourage pupils to contribute to their school and wider community.
- Support pupils in developing resilience and commitment to their education.

- Ensure behaviour and discipline are exemplary, with pupils demonstrating self-control and positive attitudes.

3. Personal Development

To achieve an outstanding rating, a school must:

- Offer a wide range of high-quality opportunities for pupils' personal development.
- Ensure disadvantaged pupils, including those with SEND, fully benefit from these opportunities.
- Provide exceptional character education that sets an example for other schools.
- Coherently plan these experiences through the curriculum and extracurricular activities.

4. Leadership and Management

Outstanding leadership and management include:

- A strong vision for high-quality education, effectively realized through shared policies and practices.
- Continuous professional development for teachers, ensuring consistent improvement in teaching quality.
- Proactive engagement with staff to address workload and well-being concerns.
- Effective governance and accountability, ensuring the school complies with statutory responsibilities.
- A culture of safeguarding, where staff and students feel safe.

5. Early Years Provision (If Applicable)

- The Early Years Foundation Stage (EYFS) curriculum must be ambitious, with no barriers to achievement.
- Children should be deeply engaged, highly motivated, and eager to learn.
- SEND and disadvantaged pupils should achieve the best possible outcomes.

6. Sixth-Form Provision (If Applicable)

- Sixth-form students should consistently achieve high standards in their studies.
- They should show strong commitment, motivation, and positive attitudes.
- The curriculum should be challenging, well-planned, and prepare students for future learning or employment.

General Guidance for Outstanding Schools

- Exceed Expectations: Schools must not only meet the "Good" criteria but go above and beyond in all areas.
- Consistency is Key: Strength in one area is not enough—all aspects must be strong and exceptional.

- Evidence-Based Impact: Inspectors will look at data, lesson observations, student work, and discussions with staff and pupils.
- Safeguarding: Leadership and management must ensure effective safeguarding practices and promote a culture of safety.

Summary

Achieving an outstanding Ofsted rating requires excellence across all areas—from teaching quality to student development and school leadership. Schools must ensure a coherent, ambitious curriculum, strong behaviour management, personal development opportunities, and exceptional leadership.

Please also list all of the Good criteria below

ChatGPT said:

Here are the criteria for a school to be rated "Good" under the Ofsted framework:

1. Quality of Education (Good)

- Curriculum Intent:
 - The school provides a broad and ambitious curriculum that meets the national curriculum or equivalent.
 - The curriculum is coherently planned and sequenced to build knowledge and skills progressively.
 - Pupils, particularly those who are disadvantaged or have SEND, gain the knowledge and cultural capital needed to succeed in life.
- Curriculum Implementation:
 - Teachers have strong subject knowledge and present information clearly.
 - Effective use of assessment strategies ensures students grasp the content.
 - Misconceptions are identified and addressed effectively.
 - Pupils engage well and develop their knowledge across different subjects.
- Curriculum Impact:
 - Pupils develop detailed knowledge and skills and achieve well.
 - Pupils read widely and fluently with good comprehension.
 - Students demonstrate strong progress, including in national assessments.
 - Pupils with SEND achieve the best possible outcomes.

2. Behaviour and Attitudes (Good)

- High Expectations:
 - The school has high standards for behaviour and conduct, which are applied consistently.
 - Pupils behave well, show respect for others, and are positive in their learning.
- Safe Environment:
 - Bullying is not tolerated and dealt with swiftly.
 - Pupils feel safe and well supported at school.
- Attendance & Conduct:
 - Pupils attend school regularly and are punctual.
 - Suspensions are used appropriately, and reintegration is managed well.
- Positive Attitudes to Learning:
 - Pupils are engaged, resilient, and take pride in their work.

3. Personal Development (Good)

- The curriculum goes beyond academic subjects to develop pupils' spiritual, moral, social, and cultural understanding.
- Pupils receive high-quality pastoral support and guidance.
- Schools provide enrichment opportunities that develop students' talents and interests.
- British values such as democracy, the rule of law, individual liberty, and mutual respect are promoted.
- Pupils are encouraged to engage in community and leadership activities.
- Careers education is well planned, using the Gatsby Benchmarks, and all pupils receive impartial career advice.

4. Leadership and Management (Good)

- Strong Vision:
 - Leaders have a clear and ambitious vision for the school, realized through shared values, policies, and practices.
- Curriculum & Teacher Development:
 - Leaders develop teacher expertise to enhance curriculum delivery.
 - Staff receive ongoing professional development.
 - Workload is considered, and staff well-being is supported.
- Accountability & Governance:
 - Leaders hold staff accountable for teaching quality and student outcomes.
 - Governors/trustees are engaged and ensure effective leadership.
 - Leaders effectively use resources and manage funding.
- Safeguarding:
 - Safeguarding policies and practices are strong, ensuring all pupils are safe.

5. Early Years Provision (Good)

- The EYFS curriculum is well-structured, providing strong foundations in learning.
- A sharp focus on developing vocabulary and communication skills.
- Children engage actively and are well-prepared for Year 1.
- SEND children and disadvantaged pupils receive tailored support and achieve well.

6. Sixth-Form Provision (Good)

- Challenging and well-planned curriculum for post-16 students.
- Students achieve strong outcomes, supporting future education and employment.
- High-quality careers guidance helps students transition effectively.
- Students are motivated, engaged, and show strong commitment.

Summary

A school rated Good by Ofsted must consistently meet all the outlined criteria across quality of education, behaviour, personal development, leadership, and provision. Schools that go beyond these standards in all areas may be considered Outstanding.

AI Usage Policy

Taught AI Academy PRU

Purpose

This policy sets out expectations for the safe, ethical, and professional use of artificial intelligence (AI) tools by staff at Taught AI Academy PRU. AI should be used to enhance educational practice—not to replace professional judgment. All use must prioritise pupil safety, anonymity, data protection, and equityequality(?), in alignment with our trauma-informed approach and safeguarding responsibilities.

1. Pupil Data Protection & Safeguarding

- No identifying information about pupils is to be shared with any AI platform—this includes names, contact details, addresses, medical, safeguarding, SEN, or attendance records.
- Staff must not upload documents that contain:
 - Pupil initials, names, UPNs, or codes that can be linked to individual students.
 - Behaviour logs, SPOD entries, or personal education plans.
 - Any sensitive, protected, or confidential information relating to students, families, or staff.
- All data shared with AI tools must be fully anonymised and stripped of any identifying details. The principle of 'privacy by design' must be followed at all times.

2. Anonymisation Guidelines

- Use broad, de-identified terms such as 'Pupil A', 'a Year 10 student with SEMH needs', or 'KS3 learner'.
- Double-check all text before uploading, especially for hidden data in headers, footers, or metadata.
- When in doubt: Do not upload. Instead, speak to the Data Protection Lead or a member of SLT for guidance.

3. Permitted Uses of AI

- Drafting or refining lesson plans, schemes of work, and activity ideas.
- Generating accessible resources or differentiated materials to support inclusion and SEND learners.
- Writing or rewording general documents (e.g. newsletters, posters, trip letters).
- Summarising professional guidance or anonymised notes.
- Writing anonymised SPODs or reports (must be reviewed by staff before final use).
- Adapting materials to be trauma-informed, accessible, or inclusive.

4. AI is Not Permitted For

- Uploading or generating any data related to:
 - Individual pupil behaviours, safeguarding incidents, attendance, exclusions, or medical records.
- Creating documents that will be used to make or inform decisions about individual pupils.
- Any content where anonymity cannot be confidently maintained.
- Evaluating or labelling a pupil's ability, diagnosis, or progress.
- A comment here re plagiarism? E.g. not to knowingly reproduce or rewrite copyrighted material without permission and appropriate referencing (perhaps already covered by 6 below?)

5. Trauma-Informed & Ethical Use

AI should enhance, not replace, the relational and human-centred approach that underpins our work. Staff should be mindful of bias in AI outputs and ensure that content is culturally sensitive, inclusive, and non-discriminatory. Outputs used in educational settings must reflect the values of nurture, equity, and respect central to Taught AI Academy.

6. Staff Training & Support

All staff will receive guidance on ethical AI use, with specific reference to:

- GDPR and UK Data Protection law
- KCSIE (2023)
- Taught AI Academy's Inclusion and Safeguarding and SEND Policies

Questions or concerns about AI should be directed to the SLT or the Data Protection Lead.

7. Monitoring & Accountability

AI usage may be monitored as part of ongoing data protection and safeguarding audits. This policy will be reviewed annually or in response to updates in legislation or technology. Any breach of this policy will be dealt with under the school's Data Protection, Safeguarding, or Disciplinary procedures, as appropriate.

8. Data Protection and GDPR Compliance

Taught AI Academy is committed to ensuring that all use of artificial intelligence (AI) within the school complies fully with the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018.

Any use of AI tools that processes or interacts with personal data—including student names, work, assessment information, or staff data—must meet the following standards:

-  **Lawful Basis:** A clear lawful basis (e.g., public task, consent) must be established and recorded before processing personal data with AI.
-  **Approved Tools Only:** Staff must only use AI tools approved by Taught AI Academy and risk-assessed by the school's Data Protection Officer (DPO). Free, publicly available AI tools must not be used for inputting identifiable pupil data.
-  **DPIAs Required:** A Data Protection Impact Assessment (DPIA) must be completed for any new or high-risk AI use, especially where pupil data, EHCP information, or sensitive categories are involved.
-  **Student IP and Consent:** Students retain the copyright and intellectual property rights to their own work. No student-generated content may be entered into AI tools unless explicit consent has been obtained from the student and/or their guardian.
-  **Transparency:** Staff must inform students, parents, and carers when generative AI tools are being used in relation to their data, in a way that is clear and age-appropriate.
-  **No Model Training:** AI tools must not be used if they train on user inputs or store data beyond the session. Models must meet the DfE's Product Safety Expectations.

All staff are responsible for ensuring compliance. Non-compliant use of AI may constitute a data breach and will be managed under the school's data protection and safeguarding policies.

Quick Recap

-  No names.
-  No personal data.
-  Always anonymise.
-  When in doubt—don't upload.
-  Ask SLT or the DPO.

Introduction

Taught AI Academy Pupil Referral Unit(Taught AI Academy) provides a broad and balanced curriculum that is relevant to our learners' needs and that incorporates the requirements of the National Curriculum by offering a range of GCSE alongside vocational qualifications.

Pupils at Taught AI Academy have complex social, emotional and mental health needs. Most of the children have lived through adverse childhood experiences leading to developmental trauma. Many of our children have experienced or witnessed domestic violence, emotional abuse/neglect, violent crime or are involved with other contextual risks. We understand that this significantly impacts on their learning, relationships, emotions and behaviour in the classroom. Many are non-attenders on referral, while most have had a negative experience of education and other professionals working with the family. Through the lens of trauma informed care we understand that such nurturing relationships can help children to develop a more positive relationship with education. We believe that for children to re-engage with their ability to learn it is critical to create a safe and secure environment. With this knowledge, we work hard to develop trusting and safe relationships with each child and their family. The adult – child relationship is a huge factor in bringing about positive change in their attendance and engagement with education.

Pupils at Taught AI Academy

Pupils at Taught AI Academy have complex social, emotional and mental health needs. Most of the children have lived through adverse childhood experiences leading to developmental trauma. Many of our children have experienced or witnessed domestic violence, emotional abuse/neglect, violent crime or are involved with other contextual risks. We understand that this significantly impacts on their learning, relationships, emotions and behaviour in the classroom. Many are non-attenders on referral, while most have had a negative experience of education and other professionals working with the family. Through the lens of trauma informed care we understand that such nurturing relationships can help children to develop a more positive relationship with education. We believe that for children to re-engage with their ability to learn it is critical to create a safe and secure environment. With this knowledge, we work hard to develop trusting and safe relationships with each child and their family. The adult – child relationship is a huge factor in bringing about positive change in their attendance and engagement with education.

Our Curriculum Values

At Taught AI Academy Teachers, Learning Mentors and our multi-agency network of professionals, work together and share the same values that underpin our curriculum intent. We work together with pupils in learning communities and at the different sites that form the umbrella of provisions and services that Taught AI Academy offers to their pupils and families. Such provisions and services are carefully designed to meet the individual needs of all our pupils, including those with SEND, those who have lost their school place and those who were not able to secure a school place and

have been referred to Taught AI Academy for many other various reasons. At Taught AI Academy we have the next steps of our children's education at the heart of everything we do.

Our Curriculum Intent

Taught AI Academy's curriculum intent is to provide young people with the skills and knowledge to become confident individuals who are able to lead safe, healthy and fulfilling lives and to prepare them for reintegration into an appropriate mainstream provision or to prepare them for GCSE level course and for moving onto a college or apprenticeship at 16. We aspire for all our young people to become responsible citizens who make a positive contribution to society.

We provide a broad and balanced curriculum that is relevant to our learners' needs and incorporates the requirements of the National Curriculum and relevant external accreditations. We offer a holistic and multi-agency approach to pastoral care by providing a keyworker who is responsible for each individual pupil's welfare and pastoral care. SEN and trauma informed practices are embedded throughout the school.

At Key Stage 3 and Year 10 the aim is to prepare pupils for successful reintegration to mainstream education. In addition to the core Maths, English and Science curriculum, there is also a focus on developing pupils' skills in Numeracy and Literacy. We currently have an enrichment curriculum which includes a range of subjects including Creative Curriculum, Performing Arts and Media, PSHE, PE and targeted projects, such as the SEEd Project (a gardening project) and Music Therapy and Sports offered by external providers.

In Year 11, learners can study up to 8 GCSE or equivalent qualifications and they are offered a range of vocational subjects which enables them to meet the entry requirements for colleges, sixth forms, apprenticeships or employment. With the support of other agencies, we provide extensive careers support; through The Prince's Trust programme and mentoring to ensure Year 11 pupils are not NEET (Not in Employment, Education or Training) after finishing Year 11.

In Year 11 our work is supporting pupils to achieve the best possible outcomes in their GCSE, so they can secure a place next year in either college, employment or apprenticeships.

We aim to ensure no pupil is NEET through a robust keyworking programme, a strong work related learning curriculum and with the support of various stakeholders to ensure no child leaves year 11 NEET (Not in Employment or Education).

Taught AI Academy's curriculum intent is to engage them with education at whatever stage this engagement is at for the young person. Then we aim to provide young people with the skills and knowledge to become confident individuals who are able to lead safe, healthy and fulfilling lives and to prepare them for reintegration into an appropriate mainstream provision or to prepare them for GCSE level course and for moving onto a college or apprenticeship at 16. We aspire for all our young people to become responsible citizens who make a positive contribution to society.

We provide a broad and balanced curriculum that is relevant to our learners' needs and incorporates the requirements of the National Curriculum and relevant external accreditations. We offer a holistic and multi-agency approach to pastoral care by providing a keyworker who is responsible for each individual pupil's welfare and pastoral care. SEND and trauma informed approaches are embedded throughout the school.

To support this engagement with education we have developed a varied approach to supporting the young people and their greatly varying needs.

There are three main Learning Routes:

i) Learning Ready Group - (this policy refers to the curriculum offer for this group as the majority of our pupils.)

Pupils able to access GCSE level work, and able to achieve at least pass grades at GCSE or equivalent.

These pupils will have had ACE's which have led them to Taught AI Academy and they will have reasons why they cannot manage at a mainstream school at this time.

Intent

These young people will have access to a broad and balanced curriculum designed to help them reintegrate into a mainstream school, special school or post-16 destination.

ii) Bespoke - Pupils whose needs mean they struggle to maintain engagement in their learning.

Intent

This route is designed to build pupils' resilience and confidence to engage with learning and develop academic skills so they can work towards reintegration to a fuller learning programme. The goal for pupils following this route is to achieve at least a pass grade at GCSE or equivalent in all, or nearly all, of the subjects studied by pupils in Learning Route 1.

iii) Multi-Agency Group - Pupils whose needs mean they struggle to develop positive relationships with adults and/or peers and struggle to engage in learning.

Intent

This cohort, due to their SEMH, trauma and attachment needs identified by their previous school, EWO, CAMHS, as well as by Taught AI Academy, are working towards being ready to learn. These pupils will be supported on a 1:1 basis in order to allow them to build positive relationships with adults and ensure they feel safe on site. In some instances, the pupil being on site may be a significant risk for health and safety reasons

Behaviour Policy
Agreed by Management Board 21st November 2023
Reviewed 8
th November 2023

The work of all at Taught AI Academy is focussed on:

Inspiring
Supporting to Achieve

Inspiring and supporting young people to achieve by providing a second chance in
education.

At Taught AI Academy, we aim to create a safe, nurturing, inclusive, learning community with the
welfare of our pupils, staff and community at its centre. We aim to employ a trauma informed
approach in our interactions and support of pupils.

The promotion of positive behaviour choices is the responsibility of all members of the
school community, including parents and carers, and outside agencies.

This policy makes reference to 6 key nurture principles which are:

Children's learning is understood developmentally

The classroom offers a safe space

Nurture is important for the development of self-esteem

Language is understood as a vital means of communication

All behaviour is communication

The importance of transition in children's lives

Leadership and management

All staff have a responsibility to ensure this policy informs their day to day actions and that they apply the policy fairly and consistently. The policy will be monitored through the use of communication on the school's MIS, SchoolPod. This policy will be reviewed annually by the head's team, and agreed by the governing body.

We will measure the effectiveness of this policy by:

- Checking our attendance data daily, weekly and 6 weekly.
- Seeking students' views on their own mental health and well-being.
- Measuring their learning progress in comparison with themselves.
- Tracking student behaviours across the school

This data will be used to inform a behaviour report produced termly.

Understanding Pupils at Taught AI Academy

Referrals to Taught AI Academy come from:

London Secondary schools because of concerns around a pupil's behaviour, both permanent or fixed term exclusions

Pupil Services because of non-attendance at school, or because a pupil is not currently on roll at a school.

SNAS – in the case of a pupil with EHCP.

Taught AI Academy 2023 - 2024

Pupils at Taught AI Academy often have complex needs. They may have underlying special needs

and/or have experienced trauma which has impacted on their learning or experience of school. They may have experienced difficulties in managing behaviour for a long period of time and need support with reengaging with education.

We aim to meet the individual needs of pupils through:

Systems that allow us to build an in-depth understanding of the pupil (see below).

Good lesson planning within a robust curriculum

Teaching pupils in small groups, one-to-one in special cases for a limited time if this would benefit the pupil.

Supporting pupils through the lens of trauma informed practice

KCSIE 2023

All staff must comply with the expectations and obligations contained within the DFE KCSIE 2022. Safeguarding and promoting the welfare of children is everyone's responsibility.

Everyone who comes into contact with children and their families has a role to play. In order to fulfil this responsibility effectively, all practitioners should make sure their approach is child centred. This means that they should consider, at all times, what is in the best interests of the child.

No single practitioner can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action, therefore any issues of a safeguarding nature must be recorded on Schoolpod on a safeguarding slip.

Expectations of Pupils and Staff

Pupils are supported to understand the consequences of their behaviours, positive and negative, and how to develop positive communication skills and relationships. There is a clear set of agreed expectations shared with and understood by all staff and pupils. These expectations are displayed in all rooms and public spaces in the school.

Taught AI Academy aims to be a safe place for all.

For reasons of safety, all pupils are wanded on arrival to school, and hand in their bags for safe keeping in the office. (See wand and searching policy). Searches will be carried out if there is any reason to suspect a pupil is trying to bring a banned item onto the site. (See 'Banned items')

Expectations of students:

Be in the right place at the right time

Dress appropriately

Listen to others and expect to be listened to

Use appropriate language

Keep hands, feet and objects and personal comments to yourself

Look after your school environment

Expectations of staff:

Be in the right place at the right time

Dress and behave professionally

Listen to others and expect to be listened to

Use appropriate language

Provide feedback about work and behaviour

Look after your school environment

Taught AI Academy 2023 - 2024

Trauma informed practice as a whole school approach

This policy has a strong focus on the impact that trauma often has had and continues to have on our pupils' lives.

Trauma informed approach:

Positive interactions help build resilience

Routines help create a safe place and pupils will learn better

Work with pupils to set achievable goals to build self-esteem and resilience

Work with pupils to help them understand zones of regulation

Be mindful of triggers – triggers will be different for each child

Supporting pupils who may have experienced trauma

We know our pupils well.

Initial interviews are used to begin to get to know the pupil, with parents/carers, and other significant adults invited to the interview – e.g. teacher from mainstream school, social worker, school nurse. Head of School shares a pen portrait from the initial interview, to be read by all staff.

The assessment sessions are used to find out more about the pupil's academic ability, attitude to school, interaction with peers and adults, emotional state.

Keyworkers must read all documents relating to their pupils and familiarise themselves with the child and their history, keeping colleagues informed where necessary. Keyworkers ensure all information relevant to a pupil is up to date on SPOD, and will monitor all incidents – positive and negative – recorded on SPOD, tracking and responding to patterns and changes.

Small numbers of pupils in each keygroup/teaching group enables all staff to get to know pupils.

Zones of regulation

We recognise that emotional regulation can improve impulse control, flexibility, problem solving skills and concentration. We understand that consistency and routine is at the heart of emotional regulation.

Consequences

At Taught AI Academy the focus is on supporting pupils to understand that all behaviours have

consequences, both positive and negative. We have adopted restorative approaches in order to support pupils with developing positive behaviours. We do not have a punitive approach as a response to poor choices/challenging behaviour.

Positive behaviours

Rewards

Rewards are an essential element of this policy. All members of staff, whatever their role, have the responsibility to reward pupils' positive choices and responses.

Pupils should be rewarded for:

Work and effort in lessons

Good manners/Being polite

Being a positive role model

Good attendance and punctuality

Taught AI Academy 2023 - 2024

Accepting challenges

Being resilient

Making positive changes

The above list is not definitive.

Concerning Behaviours

Concerning behaviours are challenged by all staff and recorded using the school MIS (SchoolPod). This maintains high expectation of pupils at Taught AI Academy.

Concerning behaviours include:

Non-compliance with a reasonable request from a member of staff inside or outside the classroom

Disruption to lessons and learning

Poor choice of language: racist, sexist, homophobic language; swearing; banter

Any behaviour that makes others feel unsafe, physically or emotionally

Wilful damage to school property

Bullying

Possession of drugs, weapons, or any other banned item

Physical aggression

Fighting/Play fighting

Sexualised behaviour or peer on peer abuse

Truancy of lessons and leaving site without permission

Non-compliance with school expectations regarding smoking, mobile phones, uniform

The above is not definitive but is an illustration of the behaviours deemed not to be acceptable at Taught AI Academy.

Pupil Holding/Restraint

On rare occasions pupils may put themselves beyond the care and control of staff onsite. Most of our staff have been trained via the Team Teach model and know that de-escalation is always employed first and thoroughly before any physical restraint. If colleagues have to restrain a student, this should be done within the constraints of the Team teach training and with the minimum of distress to the pupil. If this happens, a pupil holding/restraint form must be completed and shared with Heads'/DS, the incident must be recorded on Schoolpod. Parents must be informed. A plan for repairing the relationships must be put in place.

Detention:

Staff may ask pupils to stay behind in a lesson (if appropriate), or meet them at the end of the school day/at the start of a break to resolve an issue. If a pupil is late for school, the Keyworker may ask them to stay behind to make up the time at the end of the school day. It is not Taught AI Academy policy for pupils to miss the whole of breaktime, lunchtime, or to be

given formal detentions outside the school day. A pupil may be kept away from others during break or lunchtime, or be asked to remain in school after others have left the site in order to keep the pupil safe.

Exclusion.

It is not Taught AI Academy policy to exclude pupils. If a pupil puts themselves beyond the control of staff and their behaviour is a threat to the safety of others, the pupil will be moved to a safe place, and the parent may be contacted and asked to collect the pupil from school. A meeting with the parent/carer and the pupil is arranged for the next school day. A pupil can only be asked to leave the site with the express permission of the Head of School, Headteacher or Deputy Headteacher.

Changes to provision

Taught AI Academy 2023 - 2024

If a pupil persistently puts themselves beyond the care of staff, the Head of School, in consultation with the Headteacher/Deputy Headteacher, may:

Give the pupil an alternative timetable so they are taught 1:1 for a short time – in the meeting room at London, or in a WISP room at London

Give the pupil the opportunity for a fresh start by moving them to the other school site (London or London) for a short time or permanently.

Give the pupil the opportunity to spend time in assessment group on the other site for a limited time.

Arrange for the pupil to attend an alternative provision, for example Baked Bean.

For all of the above, end dates, and dates of review meetings will be specified.

Banned items

The following items are banned from the school site and will be confiscated if found in bags/the pupil's possession. These confiscated items will be given to the police or be disposed of by the school. Parents will be informed.

Weapons or any object that is deemed to be intended to be used as a weapon

Illegal drugs

Drug paraphernalia: grinder, weighing scales, cigarette papers

Alcohol

Pupils are required to hand in all of their possessions on arrival to school at the school office and they collect at the end of their sessions. They are provided with a personalised pack with their resources for the day.

Mobile phones – phones are expected to be handed in to the office when pupils arrive at

school

Cigarettes/Vapes

Lighters/matches

Sweets/Chocolate/Snacks

Bottles of liquid, including water. (Water/Drinks are supplied by the school)

Food– unless by prior arrangement with the school. (All food brought in by a pupil must be kept in the fridge/kitchen until lunchtime)

Procedures for responding to behaviours

Schoolpod is the school's communication system. All incidents of behaviour, both positive (Good News), and negative (Concerns), are recorded on Schoolpod (SPOD). All members of staff have access to SPOD and it is the responsibility of all staff to record incidents in a clear, factual and succinct way.

Staff should endeavour to record incidents on SPOD on the day they occur.

Positive responses (Positive behaviours)

Good News Slips

All incidents of healthy responses/positive behaviour are acknowledged and shared using Schoolpod as Good News. Keyworkers display Good News on Keyworking boards and celebrate Good News with pupils. Schoolpod automatically generates certificates for numbers of Good News slips accrued, for Keyworkers to give to pupils. Good News slips are monitored to show progress and inform interventions, these will be discussed in Keyworking meetings.

We aim to log a ratio of 3 Good news to 1 Concern.

Monitoring Behaviour Progress

Taught AI Academy 2023 - 2024

Taught AI Academy uses the ElectroBen Behaviour Audit Form (EBAF) with all pupils. The EBAF

helps staff, pupils and parents make an assessment of the pupils' current behaviour in a variety of areas. This is recorded initially and then termly, a report is then generated. This assists the keyworker and the pupil in setting appropriate targets. This will identify areas of progress. The information gathered from the EBAF will be shared with parents at the end of term review. It is also very helpful in providing information for the educational psychologist and for Statutory Assessment

Concern slips.

All incidents of poor or concerning behaviour are communicated to the Keyworker by recording a 'Concern' slip using Schoolpod. It is the responsibility of all staff involved in an incident to record the concern on SPOD. Where more than one member of staff witnessed/is involved in the incident, they can add to report started by one of the members of staff involved.

It is the responsibility of all staff to record Concern slips as soon as possible on the same day where the incident has occurred. Keyworkers will then use this information to best support the pupil and communicate with home. Concern slips will be monitored to show progress or inform interventions and will be discussed during Keyworking meetings.

Concerns should not be viewed as punitive, but primarily as a means of building better understanding of a pupil's needs.

Phone calls home.

Staff must speak to the Keyworker, or in their absence the Pastoral Manager or Head of School before making a negative call home. It is the role of a keyworker to communicate

information on slips with parents.

Meetings with parents/carers

For serious incidents or for persistent poor behaviour choices, parents and carers may be invited in for a meeting. Meetings can be arranged by the Heads' Team, pastoral managers or Keyworkers. If another member of staff would like to arrange a meeting, they must speak to the Keyworker first.

Approaches to specific behaviours and incidents:

Damage to School Property:

The school will challenge any incident of deliberate destruction of school property, including damaging school equipment, doors, or windows, and graffitiing on walls/furniture. Where possible, pupils will be asked to clean/help clean tables/walls they have written on.

Parents/carers may be billed for the cost of any repairs and/or replacement of damaged goods/property. For serious incidents, the school may pursue criminal damage supported by witness statements, which could lead to students being spoken to by the school police liaison officer or being arrested.

All incidents of damage to school property are recorded on SPOD under: graffiti, damage to school property.

Theft

The school will challenge any incident of theft. Where a child is found to have stolen school property, have stolen from another child, or stolen from a member of staff, or there is reasonable suspicion that the child has committed one of the above, the incident will be investigated thoroughly using witness statements, CCTV where available. The school police liaison officer will be contacted and parents informed.

Incidents to be recorded under theft.

Taught AI Academy 2023 - 2024

Serious actual or threatened violence towards another student or member of staff:

The school will respond appropriately and robustly to any incidents of actual or threatened violence or assault towards another person. This will include in the first instance ensuring the safety of all involved. This may involve the use of reasonable force to secure a safe environment. However, most of staff have been trained via the Team Teach model and know that de-escalation is always employed first and thoroughly before any physical restraint. If colleagues have to restrain a student a safe holding document must be completed and shared with Heads'/DSL. For incidents of actual or threatened violence, the school or individuals involved may pursue criminal charges supported by witness statements, which could lead to students being arrested. Violent or intimidating pupil behaviour can also be addressed through appropriate health and safety measures in which the risk to staff and pupils of injury and psychological distress can be managed and controlled. Individual pupil risk assessments are used in such situations.

Where it is deemed necessary for the safety of the perpetrator or the victim, or for the safety of members of staff, the perpetrator or victim may be asked to leave the site early, with the permission of the Head of School, Headteacher, or Deputy Headteacher and with the knowledge of parents/carers. Members of staff from the site may escort the child all or part of the way home. The incidents will be recorded and followed up the next school day with a meeting with parents/carers and the Head of School /Headteacher or Deputy. Any further consequences will be decided by the Headteacher/Deputy.

Where there is serious threat or violence/actual assault, the police may be called – 999 – or the school police liaison officer.

Incidents will be recorded as a Concern on SPOD under: Physical/Intimidation and in the case of serious assault/threat, and copied onto Safeguarding.

Bullying:

Bullying is treated as a serious issue and the school fully implements an anti-bullying approach. The needs of the victim are addressed and the re-education of the perpetrators form part of the procedures. Bullying, including LGBTQ bullying is covered in the classroom in PSHE and Keyworking.

Incidents of bullying are treated as serious incidents by staff. All incidents of bullying are reported to the parents/carers of the victim and perpetrators. It is likely that parents/carers will be invited in for a meeting with the Head of School/Pastoral Manager to discuss the incident.

Bullying incidents are recorded under Bullying on SPOD.

School Uniform:

If a pupil arrives at school out of uniform/inappropriately dressed, they can be given a plain white or black t-shirt to wear for the day, or a school jumper, and parents are informed to remind them of the importance of uniform at school. Where there are persistent breaches of school uniform policy, parents/carers will be invited in for a meeting, or pupils (where staffing allows) may be taught 1:1 for the day, away from the main student body. The office may provide the pupil with a slip informing other of the uniform issue for the day.

Staff may allow a pupil to keep their school jumper on site if this will support the pupil to comply with the uniform expectation.

Record on SPOD under: inappropriate dress

Sexualised behaviours:

Sexualised behaviours are recorded under safeguarding and the safeguarding team are informed as soon as possible. The expectation is that pupils do not touch each other on

Taught At Academy 2023 - 2024

site. Members of staff who see any inappropriate contact between pupils remind pupils that these behaviours are not appropriate on site, whatever their relationship is outside school.

The Safeguarding team will advise on next actions. All incidents of sexualised behaviours are to be logged, however small/insignificant they may seem to enable us to identify patterns of behaviour and put appropriate support in for pupils as soon as possible.

To be recorded under Safeguarding:

Going off-site without permission:

It is expected that most students will be on site from 9.00am until 2.30pm. Some pupils are given individual timetables where their arrival and/or leaving times have been changed for particular reasons. If a pupil leaves site without permission, parents/carers are contacted immediately by text or phone to let them know where the child is. Where the child is known to social services or is deemed to be unsafe in the community or a flight risk – in the case of a looked after child - the TAC will be informed and in particular incidents, the police. The incident is recorded on SPOD. Parents/Carers will be contacted for a discussion about the incident on the same day, and where deemed necessary, invited in for a discussion with the pupil.

For reasons of safety, it is at the discretion of the Head of School whether the pupil will be allowed back onto the site if they return to the school.

Under SPOD as truanting, leaving site without permission.

Bringing a phone on site/Using a phone on site

All pupils are expected to hand their phone in on arrival at school and phones are kept in

individually marked bags in the office. All pupils and parents/carers sign an agreement to do this before starting at Taught AI Academy. If a pupil is found with, or using a mobile phone on site, they will be asked to hand it in at the office. The keyworker will talk to the pupil, the parent/carer will be informed. For persistent breaches of this expectation, the parent/carer will be invited in to school for a meeting to discuss the difficulty and support the pupil understand the importance of this school expectation.

Smoking or vaping

Smoking and vaping are not permitted on site. If anyone is seen smoking or vaping on site, they are asked to stop and to hand in any smoking paraphernalia to the office. Pupils who smoke regularly are referred to Lee Wheelan, the borough stopping smoking adviser who will work with the pupil on the school site.

To be recorded on SPOD under: Smoking

Drugs

If illegal drugs are found in a pupil's possession/in a pupil's bag the drugs and paraphernalia will be confiscated. Drugs will be given to the police to be destroyed. Parents will be informed. Where a pupil needs support with drugs use, they are referred to the London Evolve team. Any drug paraphernalia is disposed of.

Drugs to be recorded under concern: Alcohol / drugs and Safeguarding

Weapons

If a weapon, or an object that the school deems has been brought in by a pupil to be used as a weapon, is found in a pupil's bag/a pupil's possession, the weapon will be confiscated, and the police will be informed. Parents are informed on the same day. The incident will be dealt with initially by the Head of School and police liaison officer. Further action will be taken on the advice of the school police liaison officer.

Incidents that take place outside school

Teachers and other paid staff with responsibility for pupils have the power to discipline pupils outside school. This includes incidents of concerning behaviour on school trips and on the

Taught AI Academy 2023 - 2024

way to and from the school. Any incidents of concern are recorded in the usual way. If a member of staff is concerned about behaviour they witness outside the school, they should speak to the pupil concerned, but not put themselves in danger. The member of staff should call the police if necessary, and contact the school as soon as possible to speak to a member of the head's team.

All school staff have the power to use reasonable force to prevent students committing an offence, injuring themselves or others and damaging property.

KSP/Individualised Pupil Learning Plans hours/changes to provision:

In cases where a pupil is considered to be unsafe on site, they may be taught 1:1 in the meeting room (London), or in one of the WISP rooms (London). These arrangements will be discussed with the parent/carer and will be for a short time only. These arrangements are known as KSP and are used as a supportive measure.

All pupils at Taught AI Academy have a timetable also known as a personal learning plan. Some

pupils may have shorter or different hours from their peers because they find it difficult to manage when on a full timetable or in groups of pupils. Any changes to a pupil's timetable will be discussed with the parent prior to implementation and all changes to timetables will be for a limited time and subject to review. Changes to timetables are made by the Head of School or the pastoral manager in consultation with the Head of School.

In some cases, pupils will be moved from one site to the other to support them with being successful at school and managing their behaviour. This could be because of clashes with other pupils at that site during the school day or outside school. Changes to provision are made as a supportive not punitive measure.

Managing behaviour on site.

Reward procedures

Boards in foyers and in all Keyworking bases are used to display pupils' positive achievements. Rewards assemblies are held at London and at London at least once every half term when we celebrate pupils' achievements publically.

For year 11 pupils, Record of Achievement afternoon is held at the end of the exam season in June, to celebrate achievement of pupils with their parents/carers/families

Rewards:

Verbal praise/positive affirmation

Written praise/positive affirmation in response to work

Sticker on chart in book

Good News slips for any and all positive behaviour/interaction

Positive phone calls home - made by Keyworkers or other members of staff in consultation with Keyworkers.

Positive texts to parents/carers sent via the office

Postcards sent home to celebrate progress and effort.

Certificates from subjects/keyworkers/individual members of staff/Heads

Assemblies

Keyworking boards

Jack Petchey award – staff nominate a pupil from London and London twice a year

Taught AI Academy 2023 - 2024

Attendance certificates/awards

Group trips/activities may be arranged

Procedures for achieving healthy responses (positive behaviour)

Pupils who understand what they need to achieve and agree they wish to do so are more likely to make improvement than other pupils.

In instances where pupils refuse to comply and other strategies have been implemented, then the support of another member of staff should be engaged.

Some students may be issued with time out cards. If pupils need to be sent out of the lesson without another member of staff in attendance then they should be directed to the main office (London Site) or the Head of School Office (London Site). Where possible, pupils should not be asked to leave/sent of a lesson without being accompanied by an adult. If a member of staff requires assistance they should gain the attention of the main office if no other adult is close by.

Break-time / Lunch-time

Staff are to arrive for their break and lunch duties on time, and in the allocated place. Where possible, staff should arrive early. If on break and lunch duty, this duty is to be seen as a priority and staff must ensure they do not use the time for clearing classrooms, preparing for the next lesson etc. If for any reason, a member of staff knows they will be late for a duty or unable to do the duty, they must let the Head of School/Pastoral manager know by phoning them directly or via the office.

Main responsibilities of staff on duty:

Ensure pupils:

Student break time is not staff break time and break duties should be treated as one would treat a lesson

At the end of period 2 and 4 colleagues who are in lessons are to bring their group to relevant break rooms and stay with them until there are enough other colleagues join

- Have opportunities to engage in positive activities, e.g. sport, card games, discussion/conversation, reading
- Display and practise good manners
- Show tolerance of others - challenge bullying
- Display socially acceptable behaviour - bad language including homophobic, sexist, racist references is not acceptable and must always be challenged

All incidents of positive and negative behaviours to be recorded in the usual way.

Positive Behaviour Management Strategies in the Classroom

Alongside good planning and teaching, staff are encouraged to apply their own behaviour management techniques as they develop their relationship with teaching groups. It is important to establish clear routines and expectations and implement a range of strategies that will solve any potential behavioural issues in the longer term.

Staff implement a range of strategies before implementing a consequences system.

Establishing clear routines and expectations will help solve any potential behavioural issues in the longer term.

Taught AI Academy 2023 - 2024

When challenge arises, staff must first issue a warning and endeavour to apply their own behaviour management techniques.

These strategies are designed to allow the learning of others to continue without it being a punitive approach.

Immediate strategies:

1. Speak to the pupil quietly
2. Reward good communications or compliance
3. Use non-verbal forms of communication to reinforce behaviour expectations
4. Move or suggest moving a pupil to another seat
5. Use praise to remind a pupil of their ability to behave appropriately
6. Pair the pupil with another pupil who will have a positive impact on their behaviour and attitude towards learning
7. Vary the activity to find ways of encouraging the specific pupil to engage positively in the learning experience.

Longer term Strategies

1. Modified intervention/ seating plan at start of the lesson
2. Consider behavioural/learning needs of individual pupils during the lesson planning process to ensure they can access and feel engaged with the learning.
3. Set targets with the pupil for future improvement
4. Discuss issue with Keyworkers or other staff to identify other possible strategies
5. Discuss issues with other staff to explore successful strategies
6. Discuss issues with Subject Leader

Removing a pupil from the classroom.

This is to be seen as a last resort, when all other strategies have been exhausted.

Between each of these stages, the pupil must be given a chance to alter their behaviour and make positive choices. Removing a pupil from a lesson is the last

resort but may be necessary when the pupil continues to disrupt the teaching and learning.

In extreme cases, where immediate support is needed, the teacher contacts the office for support or goes to the door and shouts for support.

The teacher should not leave pupils in the room unsupervised.

1. The teacher uses a range of strategies to manage pupil behaviour. This is the most important stage as it allows the teacher to establish and retain control, and the learning to continue.

2. Verbal request and pupil name on the board.

3. Formal warning and name ticked on the board.

4. 2

nd formal warning and second tick.

5. If the pupil continues to disrupt the teaching and learning process, teaching staff may request that the pupil be removed from the classroom. If there is a support teacher in the classroom, they may take the pupil out. If no support is available in the room, the teacher calls the office who will contact a colleague on Pupil Support.

Follow up when a pupil is removed from a classroom/a teacher requests Pupil Support via the office

The teacher who called for support will record the incident on SPOD in the usual way.

Subject Teacher

Taught AI Academy 2023 - 2024

If a pupil is removed from a lesson it is the subject teacher's responsibility to meet with the child to discuss and attempt to resolve issues to ensure a positive working relationship.

The subject teacher can speak to the pupil later the same day, or the next day if more appropriate.

The subject teacher may ask a keyworker, Pastoral manager, Subject Leader or any other colleague to support them with following the incident up and resolving the situation. After consultation with the Keyworker, the subject teacher may contact parents/carers to discuss the incident. It is the responsibility of the subject teacher to ensure that everything is logged and follow up on Schoolpod.

Subject Leaders

The Subject Leader is required to support colleagues' efforts to deal with instances of challenging behaviour within the department when necessary. In particular, they should be prepared to advise on lesson content, and especially the sufficiency of the differentiation built into the lesson plan. Advice can also be offered on behaviour management techniques that seem to work particularly well within the subject area.

Subject Leaders should seek advice from other Subject Leaders about strategies that appear to succeed with the particular student causing difficulty. They should also seek advice from key workers where this would seem to be helpful, but a clear distinction must be drawn between seeking advice and passing the problem on. However, it is important that the keyworker is kept informed of actions taken at subject level. Any action must be logged.

Keyworkers

Keyworkers discuss behaviour issues and patterns and strategies with their Keygroups on a group and individual basis. They can often offer advice to subject teachers. They will communicate with parents on a daily basis explaining issues as they arise.

Setting Keyworking Targets

- Negotiate three targets for each pupil in Keygroup (the EBAF will help with this)
- Targets are recorded in planners. Pupils take their planners with them to all lessons.
- Keyworkers monitor planners during daily Keyworking sessions.

Pastoral Managers

When it becomes clear that a pupil is causing difficulty in a range of subject areas (via SPOD), the Pastoral Managers with the support of the Keyworker is expected to intervene and work in consultation with the relevant staff, formulate a strategy for modifying the behaviour of that student. The Pastoral Manager would then be expected to play the leading role in ensuring effective implementation of that strategy. The Pastoral Manager is not expected to play any direct role in the sending out of pupils from lessons. Any action needs to be logged.

“...I've learned that people will forget what you said, people will forget what you did, but people will never forget how

you made them feel ...”

Maya Angelou

Taught AI Academy 2023 - 2024

Appendix 1

Anti-Bullying Statement

“Bullying can take many forms. Children, young people and adults can instigate bullying and be bullied in

schools. Bullying involves behaviour that is either physically or emotionally harmful, such as taunting, name-

calling, making threats, excluding people from groups, kicking, hitting and damaging belongings. It is harmful

to all involved: not just the person who is bullied, but also to those who bully and those who stand by. It can

lead to lack of confidence, low self-esteem, depression, anxiety, physical harm and sometime suicide.”

National Children's Bureau (NCB)

- Taught AI Academy does not accept bullying behaviours
- Bullies and victims need support to enable the situation to change
- Bullying is a whole school issue and all staff should respond to incidents
- The caring ethos of Taught AI Academy encourages students to discuss bullying incidents and helps maintain a safe environment

Anti-Bullying Procedures:

- Staff should challenge bullying/potential bullying behaviours no matter how small they may seem
- All staff should quickly pass on information about bullying to the relevant keyworker(s) using the reporting slips system (Schoolpod).

- The response to the bullying should enable a resolution without putting the victim at further risk (e.g. a no-blame approach, talking and listening to the parties involved and attempting a resolution)
- Should behaviour have a bullying effect on others then each incident should be recorded and a discussion with the Keyworker take place ensuring they explain the effect on the other person or people
- Inform parents of the ongoing issue and engage their support
- Ensure 'Concern' slips are carefully monitored to identify patterns in behaviour
- In some instances it may be necessary to arrange for a mentor to take a restorative justice approach and hold a meeting with all parties
- Ensure worrying patterns of behaviour are discussed at Keyworking meetings

•

Other Aspects of an Anti-Bullying Approach

- In lessons and across Taught AI Academy we encourage students to co-operate with and understand others
- Anti-bullying is a core element of the PSHE & SRE curriculum
- Taught AI Academy is a 'Healthy School' which means that we are constantly developing a positive and inclusive ethos. We also have an anti-bullying leaflet produced in consultation with pupils, parents and staff.

Appendix 2 - Use of Force or Restraint

Where a pupil puts themselves beyond the care and control of members of staff, the use of force is

on rare occasions required. Some staff are trained in the Team Teach method of restraint.

Where restraint or safe holding has been implemented then the 'Safe Holding' form must be completed and the pupil's family contacted.

All members of school staff have a legal power to use reasonable force

Taught AI Academy 2023 - 2024

- This power applies to any member of staff at the school. It can also apply to people whom the Headteacher has temporarily put in charge of pupils such as unpaid volunteers or parents accompanying students on a school organised visit.

When can reasonable force be used?

- Reasonable force can be used to prevent pupils from hurting themselves or others, from damaging property, or from causing disorder.
- In a school, force is used for two main purposes – to control pupils or to restrain them.
- The decision on whether or not to physically intervene is down to the professional judgement of the staff member concerned and should always depend on the individual circumstances.

DFE, Use of reasonable force, July 2013

Searching Pupils

Where it is believed that a pupil has in their possession an item that could cause harm to themselves

or others or which breaks the PRU expectations then the pupil may be searched. This includes

having a mobile phone on their person. Other items that may breach the PRU expectations are

cigarettes, junk foods or items such as sweets which may be a disruption.

Most searches would be conducted with the permission of the pupil, however, where there is reasonable grounds for suspecting that a pupil may have in his or her possession a prohibited item.

The teacher must decide in each particular case what constitutes reasonable grounds for suspicion.

For example, they may have heard other pupils talking about the item or they might notice a pupil

behaving in a way that causes them to suspect that the pupil is concealing a prohibited item, this

would take place with a member of the senior leadership team and one other person in attendance.

At least one of these people would be the same sex as the pupil.

When searches are carried out at Taught AI Academy, staff must pay particular attention to their own personal safety.

Searching with consent

Schools' common law powers to search:

- School staff can search pupils with their consent for any item.

Also note:

- Schools are not required to have formal written consent from the pupil for this sort of search – it is enough for the teacher to ask the pupil to turn out his or her pockets or if the teacher can look in the pupil's bag or locker and for the pupil to agree.

- Schools should make clear in their school behaviour policy and in communications to parents and pupils what items are banned.

- If a member of staff suspects a pupil has a banned item in his/her possession, they can instruct the pupil to turn out his or her pockets or bag and if the pupil refuses, the teacher can apply an appropriate punishment as set out in the school's behaviour policy.

- A pupil refusing to co-operate with such a search raises the same kind of issues as where a pupil refuses to stay in a detention or refuses to stop any other unacceptable behaviour when instructed by a member of staff – in such circumstances, schools can apply an appropriate disciplinary penalty.

DFE, Searching, screening and confiscation - January 2018

Confiscation

Where items that are found as a result of a search will usually be confiscated and any items brought onto the school site in contravention of the school expectations will be confiscated. These will either be passed to the police (knives, illegal drugs or will be disposed of (alcohol, tobacco) or may be retained and returned to a parent at a later date (mobile phones).

Taught AI Academy 2023 - 2024

Where mobile phones are the issues data may be examined by members of staff if they reasonably suspect that the data or file on the device in question has been, or could be, used to cause harm, to disrupt teaching or break the school rules. This data may then be deleted or the phone may be passed to the police. Data will not be deleted if it is suspected a crime has been committed, the device will be passed to the police.

All school staff should be aware that behaviours linked to sexting put a child in danger.

The power to seize and confiscate items

What the law allows:

- Schools' general power to discipline, as circumscribed by Section 91 of the Education and Inspections Act 2006, enables a member of staff to confiscate, retain or dispose of a pupil's property as a disciplinary penalty, where reasonable to do so.
- The member of staff can use their discretion to confiscate, retain and/or destroy any item found as a result of a 'with consent' search so long as it is reasonable in the circumstances. Where any article is reasonably suspected to be an offensive weapon, it must be passed to the police.
- Staff have a defence to any complaint or other action brought against them. The law protects members of staff from liability in any proceedings brought against them for any loss of, or damage to, any item they have confiscated, provided they acted lawfully.

DFE, Searching, screening and confiscation - January 2018

Taught AI Academy 2023 - 2024

Appendix 3 - Taught AI Academy - Trauma Informed Practice as a whole school approach

The ethos at Taught AI Academy has been developed with a strong focus on the impact that trauma often has had and continues to have on our pupils lives. The approach we take in supporting pupils aims to reflect

the circumstances that our young people face. It also aims to offer an understanding of how these circumstances affect our young peoples' emotional wellbeing and behaviour and their progress as they re-engage in their learning journey and build their confidence.

Adverse Childhood Experiences (ACE's)

We recognize that most of our pupils will have experienced some form of ACE (Permanente, 1998) in their journey to Taught AI Academy.

If we don't intervene early in the prevention, recovery and buffering of Adverse Childhood Experiences, then we will continue to see the "symptoms" played out in devastating fashion, in our homes, our schools, our streets, our prisons, in our hospitals, our bodies, our emotions and our minds.

Impact

At Taught AI Academy we recognise the ways in which ACE's will impact upon the behaviours of a young person and their families and aim to help the young person engage in learning through a less stressful process by creating a calm and safe environment. We see we understand all behaviour as potential trauma responses and ways of communicating.

Taught AI Academy 2023 - 2024

What does Trauma informed practice mean at Taught AI Academy?

©BeaconHouse

Taught AI Academy 2023 - 2024

A Trauma Informed Approach means understanding trauma triggers and responses for staff and parents

(Below are some examples of how you can help regulate children and guide them back into their window of tolerance. Some of these may not be suitable or possible within a school setting)

Staff at Taught AI Academy aim to be calm and develop positive relationships with all young people. We aim to avoid triggering young people by shouting, raised voices and rapid instructions or immediate demands. We try to create a calm and nurturing environment with a non-judgemental approach to challenging behaviours. We encourage our young people to set themselves high targets which we support by using a flexible caring approach. We challenge negative views that pupils may hold about themselves or others through mentoring and a very full PSHE curriculum.

Taught AI Academy 2023 - 2024

Our approach to challenging behaviours focusses on supporting students:

- develop more helpful responses to situations and arousal states.
- introducing them to more helpful communication styles.
- using a restorative approach to help resolve pupils' issues.
- develop and maintain more positive relationships.
- notice their arousal levels, to help them regulate their emotions and to understand why certain

behaviours are less helpful than others, and then support them in finding other more helpful ways of coping. An example of this is to encourage the young people and staff to use tools such as "The Zones of Regulation".

Has the child returned to their window of tolerance?

YES NO

Brilliant! Make a note of what has worked this time.

Remember you may need to be ready to use an alternative tool.

The same tool may not work every time

Try an alternative regulatory tool. Not every tool will work for every child and it will be trial and error in working out what they find regulating.

Relationship is the key to regulation, what is the quality of the adult and child relationship? Does it need developing before regulation can occur?

Does the adult need regulating too? If the adult is outside their own window of tolerance, it will be much harder for them to regulate the child. If the child can't regulate easily despite your strategies – it's okay. Staying with them, being there for them and letting them know you care is the most important strategy of all. If the child consistently can't regulate easily despite your strategies, it may be that the child has some specific sensitivities and it may be appropriate to consult the school's SENCO for more specific sensory advice.

Taught AI Academy 2023 - 2024

Zone of Regulation

By offering opportunities for students to engage with alternative ways of making choices, decisions and managing emotions, they are encouraged to develop approaches to overcome existing barriers to learning. Pupils are encouraged to use and reflect on their emotions using the Zones of Regulation approach.

All staff are mentors, providing spaces for students to explore their personal issues and overcome barriers for learning.

We take a relational approach to behaviour (building positive professional relationships with students). This helps the pupils feel safe in the environment and lowers their anxieties. We have established routines which help pupils feel secure in their environment. We encourage healthy approaches to lifestyles, by offering free fruit and squash at breakfast, break and lunch. We heavily subsidise lunch to ensure pupils can access a healthy meal and encourage an active lifestyle through engagement in sports or artistic activities. Our curriculum is varied offering a range of activities throughout the day and week, including the development of a wellbeing garden.

Staff:

The staff at Taught AI Academy are offered training in trauma informed approaches, some staff have mental health first aid training and all staff have the opportunity to engage and benefit from insightful learning using reflective forums/spaces.

Safeguarding Policy:

INTRODUCTION:

1.1. It is essential that everybody working in a school or college understands their safeguarding responsibilities. Everyone who comes into contact with children and families has a role to

11

play ensuring children and young people are safe from abuse, neglect exploitation and harm. Our school is committed to safeguarding children and aims to create a culture of vigilance. All staff should make sure that any decisions made are in the best interests of the child.

1.2. Our pupils' welfare is our paramount concern. The governing body will ensure that our school

will safeguard and promote the welfare of pupils and work together with agencies to ensure that our school has adequate arrangements to identify, assess and support those children who

are suffering or where significant harm is suggested. Home - London Safeguarding Children Partnership (wscp.org.uk)

1.3. Our school is a community and all those directly connected, staff members, governors, parents, families, and pupils, have an essential role to play in making it safe and secure for all.

1.4 This procedure document provides the basis for good safeguarding practice within the school

which should be followed by all. It should be read in conjunction with the London Safeguarding Children's Partnership' safeguarding Policies and Procedures Policies and procedures - London Safeguarding Children Partnership (wscp.org.uk) All documents are in keeping with relevant national procedures and reflect what the partnership considers to be safe and professional practice in this context.

2 OUR ETHOS:

2.1 We believe that Taught AI Academy should provide a caring, positive, safe, and stimulating

environment that promotes the social, physical, spiritual, and moral development of the individual child; enabling all children to thrive.

2.2 We recognise the importance of providing an environment within our school that will help children feel safe and respected. We recognise the importance of enabling children to talk openly and to feel confident that they will be listened to. We recognise that both mental and physical health are relevant to safeguarding and the welfare of children

2.3 We recognise that all adults within the school, including permanent, supply staff, temporary

staff, volunteers, parents, and governors, have a full and active part to play in:

Protecting children from maltreatment

Preventing the impairment of children's mental and physical health or development Ensuring that children grow up in circumstances consistent with the provision of safe and effective care,
and

Taking action to enable all children to have the best outcomes. protecting our pupils from harm.

2.4 We will work pro-actively with parents to build a solid understanding of the school's responsibilities to ensure the welfare of all children, including the need for referrals to other agencies in some situations.

3 SCOPE

3.1 In line with the law, this policy defines a child as anyone under the age of 18 years but in the case of SEN (Special Educational Needs) it is up to 25 years of age.

12

3.2 This policy applies to all members of staff in our school, including all permanent, temporary and support staff, governors, volunteers, contractors and external service or activity providers.

4 THE LEGAL FRAMEWORK

4.1 Section 175 of the Education Act 2002 places a duty on governing bodies of maintained schools and further education institutions (including sixth-form colleges) to make the necessary arrangements for ensuring that their functions relating to the conduct of the school

are exercised with a view to safeguarding and promoting the welfare of children who are

pupils at the school. Section 157 of the same Act places a similar duty on non-maintained and independent schools, including free schools and academies.

4.2 Under section 10 of the Children Act 2004, all maintained schools, further education colleges

and independent schools, including free schools and academies, are required to co-operate with the local authority to improve the well-being of children in the local authority area.

4.3 Under section 14B of the Children Act 2004, the Local Safeguarding Children Board can require

a school or further education institution to supply information to perform its functions. This must be complied with.

4.4 This policy and the accompanying procedure have been developed in accordance with the following statutory guidance and local safeguarding procedures:

Working Together to Safeguard Children: A Guide to Inter-Agency Working to Safeguard and Promote the Welfare of Children, July 2018

Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges, September 2023

All procedures can be found on the London Safeguarding Children Partnership website: Home - London Safeguarding Children Partnership (wscp.org.uk)

5 ROLES AND RESPONSIBILITIES

5.1 Keeping Children Safe in Education (KCSIE) remained in force throughout the response to

coronavirus (COVID-19). Guidance within Keeping Children Safe in Education should continue

to support the response to a pandemic if needed.

5.2 The school's Designated Safeguarding Lead (DSL) with overall designated responsibility for

safeguarding is Ben. We have a deputy designated safeguarding lead (s), Ben, Ben, Ben, Ben to ensure there is always appropriate cover for this

role. The responsibilities of all Designated Safeguarding Lead are described in detail on Appendix A of this policy (Pages 3-6).

The Designated Safeguarding Lead will be on our school's leadership team and their role of Designated Safeguarding Lead (and the deputy) will be explicit in their job description. This person should have the appropriate authority and be given the time, funding, training, resources, and support to provide advice and support to other staff on child welfare and Safeguarding matters, to take part in strategy discussions and inter-agency meetings – and/or

to support other staff to do so – and to contribute to the assessment of children. The designated safeguarding lead (and any deputies) are most likely to have a complete

13

safeguarding picture and be the most appropriate person to advise on the response to safeguarding concerns. (KCSIE, 2023 para 103-106 & Annex C).

5.3 The school has a nominated governor Ben responsible for safeguarding to champion good practice, to liaise with the head teacher and to ensure information and reports are provided to the governing body.

5.4 The case manager for dealing with allegations of abuse made against school staff members

is the head teacher. The case manager for dealing with allegations against the head teacher is the chair of governors Ben. The procedure for managing allegations is detailed in Appendix C of this Document (Section 9 /Pages 16-17)

5.5 The head teacher will ensure that the policies and procedures adopted by the governing body

are fully implemented and sufficient resources and time are allocated to enable staff members

to discharge their safeguarding responsibilities. All staff and other adults are clear about procedures where they are concerned about the safety of a child, including if children are missing from education. Please see the DfE document Children Missing Education- Statutory

guidance for local authorities.

5.6 The governing body (PRU Management Board) is collectively responsible for ensuring that

safeguarding arrangements are fully embedded within the school's ethos and reflected in the school's day-to-day practice.

5.7 All staff members, governors, volunteers, and external providers know how to recognise signs and symptoms of abuse, how to respond to pupils who disclose abuse and what to do if

they are concerned about a child. They are aware that behaviours and physical signs linked to

behaviours that put children in danger. All staff should know what to do if a child tells them he/she is being abused or neglected. Staff should know how to manage the requirement to maintain an appropriate level of confidentiality. This means only involving those who need to be involved, such as the designated safeguarding lead (or a deputy) and children's social care.

Staff should never promise a child that they will not tell anyone about a report of abuse, as this may ultimately not be in the best interests of the child. Safeguarding issues can manifest themselves via child-on-child abuse. This may include but is not limited to: bullying (including cyber bullying), gender-based violence/sexual harassment, sexual violence and assaults, harmful sexual behaviour, and sexting. Staff should recognise that children can abuse their peers.

5.8 Staff must challenge any form of derogatory and sexualised language or behaviour. Staff should be vigilant to sexualised/aggressive touching/grabbing DfE guidance, embedded in Part 5 of Keeping Children Safe in Education situates sexual violence, sexual harassment, and

harmful sexual behaviour in the context of developing a whole-school safeguarding culture, where sexual misconduct is seen as unacceptable, and not 'banter' or an inevitable part of growing up. Advice about tackling and reporting sexual harassment in schools, colleges and educational settings is outlined in Part 5 of Keeping Children Safe in Education 2023, Page 105-

135/ Paragraph 446-558.

It should be recognised that these issues are likely to occur, and so schools should have procedures in place to deal with them. Groups at particular risk include girls, students who identify as Lesbian, Gay, Bisexual, Transgender+ (LGBT+), or are perceived by peers to be LGBT+, and pupils with SEND. We recognise that these children can be targeted by other

children, so our school provides a safe space for these children to speak out and share their concerns with members of staff. Pupils are protected from up skirting, bullying (+ cyber),

14

homophobic, biphobic and transphobic behaviour, racism, sexism, and all other forms of discrimination.

Staff have familiarity with the Equality Act 2010 and the Public Sector Equality Duty (PSED), the Human Rights Act 1998 and recent reforms to the Act and how they apply to safeguarding.

Taught AI Academy records all incidents of sexual violence, sexual harassment, and harmful sexualised behaviours. Pupils are taught about consent in PSHE lessons and are signposted to

support services available.

Safeguarding leads are familiar with the full guidance from the UK Council for Internet Safety (UKCIS), Sharing nudes and semi-nudes: advice for education settings working with children and young people.

Our school acknowledges the need to treat everyone equally, with fairness, dignity, and respect. Any discriminatory behaviours are challenged, and children are supported to understand how to treat others with respect. We also have a statutory duty to report and record any of the above incidents.

Although we are aware that children may not feel ready or know how to tell someone they are being abused, exploited, harmed, or neglected, this will not stop staff from having a 'professional curiosity' and speaking to the DSL.

All such incidents are immediately reported to the Designated Safeguarding Lead (DSL) or equivalent and managed in line with our setting's Safeguarding Policy. Victims of harm will be

supported by the school's pastoral system, their wishes and feelings will be considered and the law on child-on-child abuse is there to protect them, not criminalise them.

5.9 There is a Digital Safety policy, which covers the use of mobile phones, cameras, and other

digital recording devices e.g. iPads. For online safety, there is within the policy support about children accessing the internet whilst they are at school using data on their phone (3G or 4G networks). The policy reinforces the importance of online safety, including making parents aware of what our school asks children to do online (e.g. sites they need to visit or who they will be interacting with online).

Children's exposure to the risks from the school's IT system and ensure the school has appropriate filters and monitoring systems in place managed by LGfL and is regularly reviewed.

All staff will receive on-line safety training as part of the ongoing safeguarding offer, which, amongst other things, will include an understanding of the expectations, applicable roles, and

responsibilities in relation to filtering and monitoring. This training offer will be covered as part of induction. Alongside our Governing Body we will review the DfE Filtering and Monitoring Standards which can be found in the document Meeting Digital Technology Standards in Schools and Colleges (last updated March 2023) and discuss with IT staff and service providers what more needs to be done to meet all the standards in our setting. (See KCSIE 2023 para 141 for further information).

The leadership team and relevant staff have an awareness and understanding of the

provisions in place and manage them effectively and know how to escalate concerns when identified.

15

The policy for remote learning demonstrates an understanding of how to follow safeguarding procedures when planning remote education strategies and teaching remotely. The school maintains the capability to provide remote education when it is not possible for some or all of our pupils to attend in person. Refer to Providing remote education: guidance for schools(last

updated Feb 2023) (All IT policies are located in P:Policies: 2023- 2023)

6 SUPPORTING CHILDREN

6.1 We recognise that children who are abused or witness violence (Domestic Abuse) are likely to

have low self-esteem and may find it difficult to develop a sense of self-worth. We also recognise children who witness domestic abuse are victims, that witnessing domestic abuse can have a lasting impact on children, and that children can be victims in their own relationships too, please refer to the Government guidance Domestic Abuse: how to get help.

They may feel helpless, humiliated and in some situations blame themselves. Our school may

be the only stable, secure, and predictable element in their lives. It is essential that indicators are identified and responded to well, all members of staff will be clear of the procedures to follow in reporting, recording, and referring any concerns.

6.2 We accept that the behaviour of a child in these circumstances may range from that which is

perceived to be normal to aggressive or withdrawn.

6.3 Our school will support all pupils by:

- ☐ Ensuring the content of the curriculum includes social and emotional aspects of learning; through PSHE, RSHE (Relationship, Sex and Health Education) and other curriculum contexts,

pupils are encouraged to talk about feelings and deal assertively with pressures, are listened to, and know to whom they can turn to for help and advice

- ☐ Providing pupils with a range of appropriate adults to approach if they are in difficulties; and

ensuring that pupils are taught about safeguarding so that they 'recognise when they are at risk and how to get help when they need it'

- ☐ Supporting development in ways that will foster security, confidence and independence and

encourage the development of self-esteem and self-assertiveness while not condoning aggression or bullying; (The Behaviour Policy is located in P:Policies: 2023- 2023)

- ☐ Ensuring a comprehensive curriculum response to online safety, enabling children and parents

to learn about the risks of modern technologies and social media and to use these responsibly;

plus, Relationship, Sex and Health Education (RSHE) requirements as outlined in Government

Guidance

- ☐ Liaising and working together with other support services and those agencies involved in

safeguarding children; including the impact of domestic abuse. Domestic Abuse – Statutory Guidance July 2022

Ensuring that the curriculum will help children stay safe, recognise when they do not feel safe

and identify who they might or can talk to and will support young people to become more resilient to inappropriate behaviours towards them, risk taking behaviours and behaviours that children may be coerced into including, sexual harassment, peep-on-peer abuse, 'sexting' and the displaying of 'Harmful Sexualised Behaviour'. (See Centre of Expertise on Child Sexual Abuse)

- Considering intra familial harms and any necessary support for siblings following a report of sexual violence and/or harassment.

- Having a behaviour policy that is aimed at supporting vulnerable pupils in the school. The school will ensure that each pupil knows that some behaviour is unacceptable but that they

16

are valued and not to be blamed for any abuse which has occurred; (The behaviour policy is located in P:Policies: 2023- 2023.)

- Ensuring the behaviour policy outlines measures to prevent bullying, including cyber-bullying, prejudice-based and discriminatory bullying.

- Having clear procedures in place for addressing and minimising the risk of child-on-child abuse, including harmful sexual behaviours, sexual violence, and sexual harassment, which are easily understood and easily accessible. Ensuring that training covers an understanding that children who have or who are experiencing sexual violence can display a wide range of behaviours, that it is important to remain alert to the possible challenges of detecting those signs and that sensitivity to their needs is consistently applied.

- Playing a crucial role in preventative education and preparing pupils for life in modern Britain.

We will embed a culture of zero tolerance to sexism, misogyny/misandry, homophobia, biphobia, and sexual violence/harassment. This will be underpinned by the school's behaviour

policy, pastoral support system and a planned programme of RSHE delivered regularly, tackling issues such as: boundaries; consent; body confidence; stereotyping; and sexual harassment

- Acknowledging the importance of 'contextual safeguarding', <https://contextualsafeguarding.org.uk/> which considers wider environmental factors in a pupil's life that may be a threat to their safety and/or welfare. (Working together to safeguard children July 2018 and Keeping Children Safe in Education 2023.

- Liaising with a range of Early Help agencies that support our pupils' needs such as Health Services, London Social Care, Child and Adolescent Mental Health Services, Education Welfare Services, Special Educational Support Services, Youth Services, and the Educational

Psychology Service. (See PHE & DfE Promoting Children and Young People's Mental Health and Wellbeing – a whole school approach)

- Ensuring that, when a pupil who is the subject of a Child Protection (CP) Plan leaves, their

information is transferred to the new school within FIVE DAYS as is the expectation for all in year leavers and that the child's Social Worker is aware that the child is planning to move and is informed when they have left the school;

arrangement and ensuring that on admission to school, and at other times, the school will be vigilant in identifying any private fostering arrangement.

Acknowledging that a child that is looked after (CLA (Child that is Looked After)) or has been previously looked after by the Local Authority potentially remains vulnerable and all staff should have the skills, knowledge and understanding to ensure that CLA and children who were previously looked after are kept safe. Our setting will ensure that all agencies will work together, and prompt action will be taken in response to any safeguarding concerns, especially

for children, who are a particularly vulnerable group;

□ Carefully considering the risks of carrying out physical restraint within our setting, ensuring key staff members are appropriately trained and our restraint policy is understood and consistently applied. This includes recording all incidences of this. Recognising that to safeguard a pupil, it may be necessary to use restraint and yet restraint is likely to impact on the well-being of the child. By planning positive and proactive behaviour support, schools and colleges can reduce the occurrence of risky behaviour and the need to use restraint. See guidance: Use of Reasonable Force in Schools – July 2013 (current consultation being carried out).

17

□ Ensuring that sanctions applied due to behaviour incidents involving children with special educational needs and disabilities (SEND), are appropriate and the additional vulnerability of the group is considered. See guidance: Reducing the Need for Restraint and Restrictive Intervention – June 2019

7 SAFEGUARDING PROCEDURE

7.1 We will follow a structured procedure in line with London Safeguarding Children Partnership in cases of suspected abuse; this process reflects the flow diagram found in Part One of Keeping Children Safe in Education 2023 (Page 22) and can be found in the Appendix of this document on page 27.

7.2 In line with the procedures, the Multi Agency Safeguarding Hub will be contacted as soon as

there is a significant concern: (See Key Contacts for further details)

7.3 The name of the Designated Safeguarding Lead will be clearly advertised in the school and on the website, with a statement explaining the school's role in referring and monitoring cases of suspected abuse.

7.4 We will ensure all parents and carers are aware of the responsibilities of staff members to

safeguard and promote the welfare of children by publishing the policy and procedures on our website and by referring to them in our introductory school materials.

7.5 We will refer to the NSPCC- Reporting Abuse guidelines to provide additional information for designated safeguarding leads and safeguarding teams when reporting abuse, harm, exploitation, neglect, or possible crimes.

8 DEALING WITH A DISCLOSURE MADE BY A CHILD – ADVICE FOR ALL MEMBERS OF STAFF

8.1 If a child discloses that he or she has been abused in some way, the member of staff or volunteer should consider ways to:

18

In addition:

- ☐ Inform the Designated Safeguarding Lead without delay and follow safeguarding process.
- ☐ Complete the Safeguarding incident/welfare concern form on Schoolpod and pass it to the DSL.

Dealing with a disclosure from a child and safeguarding issues can be stressful. Staff should consider

seeking support for themselves and discuss this with the DSL.

Further information about what to do if you are worried that a child is being abused is available within

the following Government Guidance: What to do if you're worried a child is being abused – Advice for practitioners

The role of an Appropriate Adult in Safeguarding:

The Police and Criminal Evidence (PACE) act advises that “The role of the appropriate adult (AA) is to

safeguard the rights, entitlements and welfare of juveniles and vulnerable persons”, with there being

further elaboration that the AA is expected to observe that the police are acting properly and fairly in

relation to a vulnerable detained persons rights and entitlements, as well as helping the detained

person understand their rights.

The role of AA is not restricted to specific individuals, in relation to children and young people under

the age of 18, PACE guidance sets out that the AA can be: the parent, guardian or, if the juvenile is in

the care of a local authority or voluntary organisation, a person representing that authority or organisation. Please see the Safeguarding Network information ‘Safeguarding and the role of the

appropriate adult’ and note that the Working with Others section of Annex C – Role of the Designated

Safeguarding Lead within Keeping Children Safe in Education 2023 includes DSL’s “being aware of the

requirement for children to have an Appropriate Adult” and signposts DSLs to further information

which can be found in the Statutory guidance - PACE Code C 2019.

RECORD KEEPING

8.2 All concerns, discussions and decisions made and the reasons for those decisions will be recorded via Schoolpod - safeguarding slips and must be recorded on the day of the issue/disclosure. These will automatically be shared with the DSL and safeguarding team, and will be dated and be used to capture the child's voice and their daily lived experience.

19

8.3 We will continue to support any pupil leaving the school about whom there have been concerns by ensuring that all appropriate information, including Safeguarding and welfare concerns, is forwarded under confidential cover to the pupil's new school as a matter of priority.

As outlined in Annex C of KCSIE 2023 on Page 167:

"Where children leave the school or college (including in year transfers) the designated safeguarding lead should ensure their child protection file is transferred to the new school or college as soon as possible, and within 5 days for an in-year transfer or within the first 5 days

of the start of a new term. This should be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools and

colleges should ensure key staff such as designated safeguarding leads and special educational

needs co-ordinators (SENCO's) or the named person with oversight for SEND in colleges, are aware as required."

8.4 Our school will aim to have at least two emergency contacts for every child in our school in case of emergencies, and in case there are welfare concerns at the home to reduce the risk of not making contact with family members where welfare and/or safeguarding concerns are identified. (Keeping Children Safe in Education 2023)

DISCUSSING CONCERNS WITH THE FAMILY AND THE CHILD – ADVICE FOR THE DESIGNATED

SAFEGUARDING LEAD (DSL) AND DEPUTY DSLs (DDSLs)

9.1 In general, we will always discuss any concerns we may have with the child's parents. They

need to know that we are worried about their child. However, concerns will not be discussed if we believe that this would place the child at greater risk or lead to loss of evidence for a police investigation.

9.2 If a decision is made not to discuss concerns with the child's parents or carers, this will be recorded in the child's Safeguarding records with a full explanation of the reason for this decision.

9.3 We value the importance of recording and considering the child's wishes and feelings, as part

of planning what action to take in relation to concerns about their welfare. Capturing the lived experience of the child is paramount to ensuring that actions remain child-centred and captures the child's lived experience through their own words when possible.

9.4 When talking to children, we will take account of their age, understanding and preferred first language, which may not be English. It is also important that we consider how a

pupil

with SEND may need support in communicating.

9.5 We acknowledge that how we talk to a child will also depend on the substance and seriousness

of the concerns and that we may need to seek advice from the MASH team or the police to ensure that neither the safety of the child nor any subsequent investigation is jeopardised.

9.6 If concerns have arisen because of information shared by a child, we will ensure that the child is reassured, but understand that confidentiality cannot be promised.

9.7 It is expected that concerns will be discussed with the parents and their agreement to make a

referral to the MASH team sought, unless it is considered that this would place the child at increased risk of significant harm.

20

9.8 It is noted that the parents' consent is not needed to make a referral if it is considered that the child is in need of protection, parents will be made aware of which organisation made

the referral, through the process. If parents refuse to give consent to a referral but we decide to continue, we will make this clear to the MASH team.

9.9 If it is decided to refer the child without the parents' consent, this will be recorded with a full

explanation of the decision.

9.10 When a referral has been made, it should be agreed with the MASH team what the child and

parents will be told, by whom and when. The school as a relevant agency, should be part of discussions with statutory safeguarding partners to agree to the levels for the different types of assessment as part of local arrangements.

MAKING A REFERRAL - If a child or young person is at risk of harm, abuse or neglect please report it

to the MULTI AGENCY SAFEGUARDING HUB (MASH)

Mon-Fri, 9:00am – 5.00pm Tel: 020 8871 6622

Outside of these hours Tel: 020 8871 6000

Email: MASH@London.gov.uk

MASH@richmondandLondon.gov.uk

In an emergency always call police on 999.

If you think there has been a crime but it is not an emergency call 101.

The online Request for Services Multi Agency Referral Form can be accessed here:

Make a Referral to the London MASH

https://London-self.achieveservice.com/service/Make_a_Referral_to_the_London_MASH

10 SAFER WORKFORCE AND MANAGING ALLEGATIONS AGAINST STAFF AND

VOLUNTEERS

(The procedure for managing allegations is detailed in Appendix C of this document (Section 9 /Pages 16-17)

10.1 We will prevent people who pose a risk to children from working in our school by having in

place robust safer recruitment procedures which are followed and by ensuring that all individuals working in any capacity at our school have been subjected to safeguarding checks

in line with Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges,

September 2023. In addition to obtaining the DBS (Disclosure and Barring Service) certificate,

anyone who is appointed to carry out teaching work will require an additional check to ensure

they are not prohibited from teaching.

A check of any prohibition can be carried out using the Teacher Services' system which can be

found using the following link: <https://teacherservices.education.gov.uk/>

Prohibition orders are described in the National College for Teaching and Leadership's (NCTL -National College for Teaching and Leadership) publication:

Teacher misconduct: the prohibition of teachers February 2022.

10.2 We will ensure that agencies and third parties supplying staff provide us evidence that they

have made the appropriate level of safeguarding checks on individuals working in our school.

21

See Appendix C of this document (Section 15 / page 25-26), for information on Single Central

Record (SCR). The single central record must cover the following people: all staff, including teacher trainees on salaried routes, agency and third-party and supply staff who work at the school and Governors. The Single Central Record is located: in SIMS and a printed, signed copy

is held in the Heads' safe at London .

10.3 Every job description, person specification, and job advertisement will have a clear statement

about the safeguarding responsibilities of the post holder. In line with guidance included within Keeping Children Safe in Education 2023 and reflecting good safer recruitment practice

the school will consider carrying out an online search on shortlisted candidates to help identify

any issues that are publicly available online.

10.4 We will ensure that at least one member of every interview panel has completed safer recruitment training within the last 3 years and that those members of staff who are safer recruitment trained refresh their knowledge every one to three years.

10.5 We have a procedure in place to manage allegations against members of staff, supply staff

and volunteers (and to respond to low level concerns) which are in line with the London Safeguarding Children Partnership procedures and the expectations as outlined in Part 4 of Keeping Children Safe in Education - Safeguarding concerns or allegations made about staff,

including supply teachers, volunteers and contractors. We will communicate with Local Authority Designated Officer (LADO), through consultations and referrals when needed.

10.6 Supply teachers – we will consider all allegations against an individual not directly employed

by the school, where disciplinary procedures do not fully apply, (for example, supply teachers

provided by an employment agency). We will ensure allegations are dealt with properly and communication with the supply agency and Local Authority Designated Officer (LADO) is continued throughout the investigation.

10.7 We have an agreed staff behaviour policy in place (sometimes called the Code of Conduct)

which is compliant with 'Safer Working Practices', and includes - acceptable use of technologies, staff/pupil relationships, low level concerns and communications including the use of social media. (Our staff behaviour policy is located in P:Policies: 2023- 2023)

10.8. We will ensure that written confirmation is received for agency and third-party supply staff

from the employment business supplying members of supply staff showing that the relevant checks have been carried out and the appropriate certificates have been obtained. We will expect this written confirmation to include the date that these confirmations were received and whether any enhanced DBS certificate check has been provided in respect of the member

of staff.

Further Guidance can be accessed through the Safer Recruitment Consortium document: Guidance for safer working practice for those working with children and young people in education settings - February 2022

22

11 STAFF INDUCTION, TRAINING AND DEVELOPMENT

11.1 All new members of staff, including early career teachers and learning mentors/support staff

will be given induction that includes basic safeguarding training on how to recognise signs of abuse, how to respond to any concerns, online safety (including their roles and responsibilities

around filtering and monitoring systems within our setting) and familiarisation with the safeguarding policy, staff code of conduct, Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges and other related policies. All governors and trustees should receive appropriate and regular safeguarding and child protection training at induction

and during their tenure as Governors, this should include online safety training which covers roles and responsibilities around filtering and monitoring systems. There are mechanisms in

place, such as safeguarding updates, to assist staff to understand and discharge their role and responsibilities as set out in Part one of Keeping Children Safe in Education. Staff should also

read, "Working Together to Safeguard Children." July 2018

11.2 The induction will be proportionate to staff members' and governors' roles and responsibilities

11.3 All Designated Safeguarding Leads (DSLs) will undergo updated DSL safeguarding training

every two years. DSLs should undertake Prevent awareness training and disseminate an understanding of the Prevent Duty through the annual training programme that they deliver to staff each academic year.

11.4 All staff members of the school will undergo face to face training (whole-school training) which

is regularly updated and takes place annually. All governors must undergo governor specific awareness training to equip governors with the knowledge to provide strategic challenge, so

they are assured safeguarding policies/procedures are effective and deliver a robust whole-school approach to safeguarding. This training should be regularly updated. All staff will have

access to WSCP (London Safeguarding Children Partnership) multi-agency safeguarding training and e-learning. Training - London Safeguarding Children Partnership (wscp.org.uk)

11.5 Staff members who miss the whole-school training will be required to undertake other relevant training to make up for it, by having a training session with a DSL or attending an online training session.

11.6 The nominated governor for safeguarding will undergo training prior to or soon after appointment to the role; this training will be updated every three years. All governors will receive appropriate safeguarding training annually.

11.7 We will ensure that staff members provided by other agencies and third parties, e.g. supply

teachers and contractors, have received appropriate safeguarding training commensurate

with their roles before starting work. They will be given the opportunity to take part in whole-school training if it takes place during their period of work for the school.

11.8 The Designated Safeguarding Lead will provide safeguarding briefings at key meetings during

the school year to ensure a continuous focus on safeguarding. The Designated Safeguarding

Lead will also brief school staff on any changes to safeguarding legislation and procedures and

relevant learning from Safeguarding Practice Reviews (CSPR's) in line with Working Together

2018. These will occur annually or more frequently when necessary. Please refer to: Learning

11.9 The school will maintain accurate and up to date records of staff induction and training.

12 CONFIDENTIALITY, CONSENT, AND INFORMATION SHARING

12.1 We recognise that all matters relating to Safeguarding are confidential.

12.2 The head teacher or the Designated Safeguarding Lead will disclose any information about a

pupil to other members of staff on a need-to-know basis only.

12.3 All staff members must be aware that they cannot promise a child to keep key information a

secret or to themselves which might compromise the child's safety or well-being.

12.4 All staff members have a professional responsibility to share information with other agencies in order to safeguard children.

12.5 All staff members who come into contact with children will be given appropriate training to understand the purpose of information sharing to safeguard and promote children's welfare.

12.6 We will ensure that staff members are confident about what they can and should do under

the law, including how to obtain consent to share information and when information can be shared without consent.

12.7 Staff should not assume a colleague or another professional will take action and share information that might be critical in keeping children safe. They should be mindful that early information sharing is vital for effective identification, assessment, and allocation of appropriate service provision. Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parents and Carers supports staff who need

to make decisions about sharing information. This advice includes the seven golden rules for sharing information and considerations regarding the Data Protection Act 2018 and General Data Protection Regulation (GDPR). If in any doubt about sharing information, staff should speak to the designated safeguarding lead or a deputy. Fears about sharing information must

not be allowed to stand in the way of the need to safeguard and promote the welfare of children. (KCSIE 2023 – Pg 17, Paragraph 57)

13 INTER-AGENCY WORKING

13.1 We will develop and promote effective working relationships with other agencies, including

agencies providing early help services to children, the police, and Children's Social Care. Early

help means providing support as soon as a problem emerges at any point in a child's life, from

the foundation years through to the teenage years. For more information on Early Help click: [Early Help Practitioners' Hub | London Family Information Service](#)

13.2 We will ensure that relevant staff members participate in multi-agency meetings and

forums, including child protection conferences, core groups, CIN meetings, PEP (Personal Education Plan) meetings, TAC & TAF meetings. We will ensure that thoughtful and up to

24

date information is provided and considered in relation to individual children.

13.3 We will participate in Child Safeguarding Practice Reviews (CSPR's) other reviews and file

audits as and when required to do so by the London Safeguarding Children Partnership.

We will ensure that we have a clear process for gathering the evidence required for reviews and audits and embed recommendations into practice and compile required actions within agreed timescales.

14 CONTRACTORS, SERVICE AND ACTIVITY PROVIDERS AND WORK PLACEMENT PROVIDERS

14.1 We will ensure that contractors and providers are aware of our school's safeguarding policy

and procedures. We will require that employees and volunteers provided by these organisations use our procedure to report concerns.

14.2 We will seek assurance that employees and volunteers provided by these organisations and

working with our children have been subjected to the appropriate level of safeguarding checks

in line with Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges,

2023. If assurance is not obtained, permission to work with our children or use our school premises may be refused.

14.3 When we commission services from other organisations, we will ensure that compliance with

our policy and procedures is a contractual requirement.

15 ORGANISATIONS OR INDIVIDUALS USING SCHOOL PREMISES

15.1 We will ensure that when our premises are used by organisations or individuals outside of the

school day that all reasonable steps are taken, as required by law, to ensure the safety of the

children and to protect them from harm. We will ensure that providers, their staff, and volunteers have a duty of care toward the children who attend. The guidance on Keeping children safe in out-of-school settings – April 2022 details the safeguarding arrangements that

schools and colleges should expect these providers to have in place.

15.2 We will follow our safeguarding policies and procedures, as with any safeguarding allegation,

including informing the LADO, if we receive an allegation relating to an incident that has happened when an individual or organisation has used our school premises for the purposes of running activities for children. This will cover any community group, sports associations, or service provider that runs extra-curricular activities on our school site.

16 WHISTLE-BLOWING AND COMPLAINTS

16.1 We recognise that children cannot be expected to raise concerns in an environment where staff members fail to do so. The school / college Whistle Blowing policy is located in P:Policies: 2023- 2023)

16.2 We will refer to the Whistleblowing: Guidance for Employers and Code of Practice for further information and note that the Whistleblowing Advice Line is available for all workers on - 0800 028 0285 and via email via: help@nspcc.org.uk

16.3 We will ensure that all staff members are aware of their duty to raise concerns, where they

exist, about the management of Safeguarding, which does include the attitude or actions of

25

colleagues. If necessary, they will speak with the head teacher, the chair of the governing body

or with the Local Authority Designated Officer (LADO).

16.4 We have a clear reporting procedure for children, parents, and other people to report

concerns or complaints, including abusive or poor practice. We also acknowledge that Low-level concerns can arise in several ways from various sources, e.g. suspicion, complaint or a

disclosure. Procedures are in place for confidentially sharing and handling of low-level concerns.

16.5 We will actively seek the views of children, parents and carers and staff members on our

Safeguarding arrangements through surveys, questionnaires, and other means.

16.6 Any staff with additional concerns can contact the NSPCC helpline Report Abuse in Education

on 0800 136 663 or email help@nspcc.org.uk. This is a bespoke helpline for children and young

people who have experienced abuse at school, and for worried adults and professionals that need support and guidance.

17 SITE SECURITY

17.1 All staff members have a responsibility to ensure our buildings and grounds are secure and

will be made aware of their responsibilities regarding reporting any concerns that may come to light.

17.2 We will check the identity of all visitors and volunteers coming into school. Visitors are expected to sign in and out in the office Inventory System and to display a visitor's badge while

on the school site. Any individual who is not known or identifiable will be challenged for clarification and reassurance. We have a set of volunteer procedures and agreement that must be adhered to.

17.3 The school will not accept the behaviour of any individual, parent or anyone else, that threatens school security or leads others, child, or adult, to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse the person access to the

school site.

18 QUALITY ASSURANCE

18.1 We will ensure that systems are in place to monitor the implementation of and compliance

with this policy and accompanying procedures.

18.2 We will complete an audit of the school's safeguarding arrangements at frequencies specified by the London Safeguarding Children Partnership and using the Section 175 online audit tool provided by them for this purpose. More information including how to register for the audit will be provided by the Partnership.

18.3 At intervals we will consider participating in a safeguarding review and will identify areas for development within school improvement plans as identified by the school leadership team and governing body.

18.4 The school's senior management and the governing body will ensure that action is taken to remedy any deficiencies and weaknesses identified in child protection arrangements

without delay.

19 POLICY REVIEW

19.1 This policy and the procedures will be reviewed every academic year. All other linked

26

policies will be reviewed in line with the policy review cycle.

19.2 The Designated Safeguarding Lead will ensure that staff members, including volunteers and

sessional workers are made aware of any amendments to policies and procedures.

19.3 Additional updates to the safeguarding policy and appendix will take place when needed.

Special Educational Needs (SEND) Policy

This policy has been developed in accordance with the SEND Code of Practice 2014 (updated 2015) and in line with the following:

The Children and Families Act 2014

The aims of the Taught AI Academy PRU

The Equality Act 2010 and Public Sector Equality Duty

Taught AI Academy Equal Opportunities Policy

OFSTED Education Inspection Framework

OFSTED SEN Review 2010 "A Statement is not enough"

Education Act 2011

Keeping Children Safe in Education 2022

The Inclusion/SEND Policy is written for, and by, the whole of Taught AI Academy community: staff, pupils, parents/carers and the Board. It is designed to be a working document.

1. Basic information about the school's special educational provision

We welcome pupils with a range of abilities and needs to Taught AI Academy, those who have no identified SEND or those are on SEND Support have a place in our main PRU classes where lessons are taught in a small group setting. There are two additional provisions within Taught AI Academy which relate to children with Education, Health and Care Plans (EHCP). These are the Fresh Start programme and the Pathways Programme.

The Fresh Start Programme

Fresh Start is a programme for pupils in Years 10 and 11 who have an Education, Health and Care Plan (EHCP). Many of these pupils may have had

a negative experience of education and as a result, they may have low self-

esteem. The pupils on this programme will have been identified as pupils who

are able to work in a small group setting with a high level of experienced adult support. Some of these pupils may require some sessions of extra support on a 1:1 basis or be educated for a part of the time away from the main site.

Fresh Start is a provision named on the pupil's EHCP and is a permanent placement. Pupils referred to Fresh Start can include those who are permanently excluded from mainstream or special schools and pupils who have an EHCP and have moved into the area or do not have a school.

The Fresh Start programme caters for pupils who may have Behaviour, Social and Emotional Difficulties, Moderate Learning Difficulties or for those who in general find schooling a challenge.

Referrals come from London Special Needs Assessment Section.

On occasions Taught AI Academy will identify a pupil who meets the above criteria who would benefit from being on the Fresh Start Programme. In this case

Taught AI Academy will apply to Special Needs Assessment Section to have this pupil placed on Fresh Start.

The Pathways Programme

The Pathways Programme is a separate department of Taught AI Academy which works exclusively with pupils with EHCP who require a high level of support.

This may include pupils with an Autistic Spectrum Disorder and / or Complex Needs. These pupils require a great deal of individual attention and programmes based on their specific needs. Opportunities are provided for pupils to socialise together with the help from members of staff.

The Pathways programme provides short term provision for these pupils whilst the local authority seeks an appropriate permanent placement in a specialist setting. Referrals to the Pathways programme include pupils who are permanently excluded from mainstream or special schools or pupils with a statement who have moved into the area or who do not have a school place. These referrals come from London's Special Needs Assessment Section (SNAS).

The Pathways Programme aims to be a place where pupils can have access to an education which is appropriate to their needs. They are able to develop their social skills and life skills in a safe and nurturing environment whilst working with experienced and skilled teachers and learning mentors.

1.1 School's objectives in making provision for pupils with educational needs

"A child has special educational needs if he or she has a learning difficulty which calls for special educational provision to be made for him or her. A child has a learning difficulty if he or she has:

(a) a significantly greater difficulty in learning than the majority of children of the same age.

(b) a disability which either prevents or hinders the child from making use of educational facilities of a kind provided for children of the same age in schools within the area of the Local Education Authority."

At Taught AI Academy PRU we aim for all pupils with SEND and disability to fulfil

their optimum potential. This is achieved by ensuring the wellbeing of all pupils in relation to: being healthy, staying safe, enjoying and achieving, making a positive contribution, and achieving social and economic wellbeing. A child under compulsory school age had special educational needs if they fall within the definition at (a) or (b) or would do so if special educational provision was made for them.

Children must not be regarded as having a learning difficulty solely because their home or first language is different from the language in which they will be taught.

Broad Areas of Need

The Code of Practice 2015 identifies four broad areas of need Communication and Interaction (C&I), Cognition and Learning (C&L), Social, Emotional and Mental Health (SEMH) and Sensory and/or Physical (S/P). The purpose of identification is to work out what action the school needs to take, not to fit a pupil into a category.

(See appendix 1 for a detailed breakdown of the four broad areas of need).

Principles

Taught AI Academy PRU endeavours to provide access to as broad and balanced a curriculum as possible, for all pupils.

Taught AI Academy PRU is committed to addressing the learning and social, emotional and mental health (SEMH) needs, including behaviour, of all the pupils on roll and attempts to provide for those needs in ways appropriate to each pupil. The staff is committed to “inclusive” strategies for all pupils and those with Special Educational Needs and Disabilities are admitted under the same criteria as other pupils, unless they have an Education, Health and Care Plan (EHCP). London Special Needs Assessment Service (SNAS) will consult with Taught AI Academy PRU for placement of pupils with an EHCP. Taught AI Academy PRU provides provision for the following categories of pupil: Permanently excluded pupils, some of whom have displayed a high level of behavioural need

Pupils without school places for whom at that time it is thought unlikely they would succeed in mainstream school

Dual registered pupils who are on the roll of mainstream school but need the support from Taught AI Academy to avoid exclusion

Pupils who have moved into this Borough of London, and for whom no school place was available.

Taught AI Academy also provides provision for pupils with EHCPs in the following categories of pupil:

Pupils with an EHCP who have been excluded from a mainstream or special school and present with very complex needs. Pupils might be given a Fresh Start (Year 10 and 11 only) or Pathways placement, depending on their level of need, whilst a more appropriate longer term setting is identified.

Pupils that have an EHCP may be placed in Pathways whilst we await a

suitable special school or other more suitable placement to be identified by London SNAS.

Keystage 4 pupils with an EHCP who have either been excluded from a mainstream or special school or for whom no suitable place exists. These pupils remain at Taught AI Academy until school leaving age, either as part of the Fresh Start Programme or other individually negotiated provision.

In addition to the above pupils with an EHCP, there may be some pupils without an EHCP already at Taught AI Academy PRU for whom staff consider that a statutory assessment (Education, Health and Care Needs Assessment - EHCNA) should be carried out. In such cases, referral for a place on the Freshstart programme may also be considered by SNAS.

Objectives

The principles above inform the provision made for all pupils. The overall objectives for pupils are achieved through:

1. A safe and secure learning environment in which pupils can make academic progress.
2. The opportunity for pupils to achieve accreditation through taking external examinations as appropriate.
3. In conjunction with the Special Needs Department assisting with the identification and assessment of specific educational, social, emotional and behavioural needs and providing a learning environment to help to meet those needs.
4. Whole school awareness of the graduated approach to Special Educational Needs and Disabilities, and opportunities for staff to further their professional development in that area
5. Effective partnership with pupils, parents and a variety of other agencies.

Additionally Taught AI Academy, the staff, management committee in conjunction with parents are committed to the following aims:

- To ensure full entitlement and access for all pupils to quality first teaching within a broad, balanced and relevant curriculum (including access to the GCSE curriculum) so that they can reach their full potential and enhance their self-esteem.
- To educate pupils identified as having SEND needs wherever possible, alongside their peers within the mainstream curriculum, having given due consideration to the appropriate wishes of their parents/carers and the necessity to meet individual needs.
- To identify and assess pupils with SEND as early and thoroughly as is possible
- To fully involve parent/carers and pupils in the identification, assessment and delivery of SEND provision and to strive for close co-operation between all stakeholders
- To meet the needs of all pupils experiencing SEND by offering continual and appropriate forms of educational provision by the most efficient use of all available resources

- To remove the barriers to learning and participation, that hinder or exclude pupils with SEND
- To provide equal opportunities for all pupils
- To ensure the curriculum is suitably differentiated to meet the needs of all pupils
- To provide appropriate challenge for all pupils regardless of academic level and ability
- To ensure that an inclusive environment is created and fostered where all members of the Taught AI Academy community respect and care for each other
- To ensure that teachers and support staff at Taught AI Academy are aware of the importance of identifying and providing for those pupils who are identified as having SEND
- To ensure that parents/carers are aware of the provision available at Taught AI Academy and that they are encouraged to be actively involved in their child's progress through Individual Progress Reviews (IPRs)
- To attain high levels of satisfaction and participation from pupils, parents and carers
- To carefully map provision for all pupils to ensure that staffing deployment, resource allocation and choice of intervention is leading to good learning outcomes
- To ensure a high level of staff expertise to meet pupil need, through well targeted continuing professional development
- To work in cooperative and productive partnership with external agencies and partners to ensure there is a multi-professional approach to meeting the needs of all pupils

Review

In order to monitor and evaluate the principles and objectives of this policy, an annual review based on the key points in the policy will be made by the SEND Team in consultation with the staff and Senior Leadership Team.

1.2 The name of the school's Special Educational Needs co-ordinator (SENDCO) or teacher responsible for the day-to-day operation of the SEND policy

Ben is the Special Educational Needs and Disabilities Co-ordinator for

Taught AI Academy PRU, Ben is the Assistant SENDCO. They co-ordinate SEND at the London site. Ben is the Deputy SENDCO and is

based at the London site. Ben manages and coordinates Pathways at the London site. Ben is the member of the Heads' team who is

responsible for SEND across Taught AI Academy including the Fresh Start and the Pathways programme.

Main features of the role of SEND Team include:

- The day-to-day operation of the school's SEND policy
- Administration of the SEND assessment procedures within the school

- Co-ordinating Annual Reviews for pupils with an EHCP
- Maintaining the SEND register
- Liaising with parents/carers
- Liaising with external agencies in particular the Education Psychology Service, Youth Justice Service, Evolve, Early Help and Speech and Language Therapists (at an initial assessment stage only).
- Coordinating the pupils' EHCPs, One Page Profiles, and mapping of provision through Individual Progress Reviews (IPRs).
- Monitoring the progress of pupils with Special Educational Needs using the graduated approach of Assess > Plan > Do > Review
- Liaising with other staff in order to plan and implement individual and group literacy, numeracy and behavioural programmes
- Contributing to the in-service training of staff
- Liaising with Virtual Schools for LAC / PLAC students both with and without SEND (Ben is the Teacher Responsible for LAC at London and Ben is the Teacher Responsible for LAC at London)

1.2 The arrangements which have been made for co-ordinating the provision of education for pupils with Special Educational Needs
The SENDCO, Deputy and Assistant SENDCOs have responsibility for coordinating the provision of education for pupils with SEND within Taught AI Academy. However, there is a great emphasis on all staff being expert practitioners in teaching pupils with SEND as a high percentage of our pupils are identified as SEND.

All staff in Taught AI Academy are teachers of SEND/Inclusion and are aware of their responsibilities towards all pupils. They are aware that they are role models and must show a positive and sensitive attitude towards all pupils at all times.

The SEND Team will work with the Teaching and Learning Team in order to maximise the provision available for those pupils who are recognised as having needs, which make immediate integration within the teaching groups at the PRU difficult.

Taught AI Academy PRU follows the model of assessment advised by The Code of Practice effective from 2015. Taught AI Academy PRU also adheres to the Disability Rights Code of Practice for schools.

The SENDCO will advise keyworkers of procedures to follow if it is decided to apply for an Education, Health and Care Needs Assessment (EHCNA). Information about this Statutory Assessment procedure is also contained in a parent leaflet produced by London.

1.4 Any special facilities which increase or assist access to the school for pupils with SEND

At the London site, there are some ground floor teaching rooms and a toilet adapted for use by those with a disability.

At London, there are some ground floor teaching rooms and a disabled access toilet.

At London, there is a department on the first floor which is used for pupils with Special Educational Needs. These pupils are usually on roll in our Pathways Programme. This means that vulnerable pupils are able to be taught in a completely separate environment from the other pupils at Taught AI Academy PRU. Pupils are taught here on a one to one basis, and in very severe cases two staff to one pupil, may be required. Sometimes these pupils, for a variety of reasons, are unable to be taught on site. Education will on occasion, therefore, take place off site at provisions or venues agreed by members of the SEND Team, the Head of School and the parents/carers and other agencies involved.

Taught AI Academy PRU offers a small school environment, with a high teacher to pupil ratio.

2 Information about the school's policies for identification, assessment and provision for all pupils with SEND

2.1 The allocation of resources to and amongst pupils with SEND

Taught AI Academy PRU is funded directly by the LEA.

There is a high level of staffing and resources available to pupils with SEND. This enables a limited amount of one to one provision as well as small group work to take place.

All staff will support and/or teach pupils with Special Educational Needs and Disabilities. The Literacy and Numeracy Coordinators work across both sites. Several members of staff have experience and qualifications in specific areas of SEND.

In-class support and individual or paired Literacy/Numeracy lessons are often provided for pupils with low levels i.e. below chronological age in numeracy,

reading or spelling. Other pupils who are identified as under achieving are offered extra help.

There are several teaching used by pupils with SEND at both sites, as well as suitable resources, reading books and differentiated learning materials. Pupils have access to ICT across the whole curriculum through pupil chrome books. There is also easy access for all staff and pupils to specialist subject teachers to assist with curriculum development.

2.1 Identification, assessment arrangements and review procedures

After the initial interview of the pupil and parent/carer by the Heads of School, all pupils attend induction sessions (Assessment Group). Assessments are made in Reading, Spelling and Numeracy. We also assess grades in Maths, English and other subjects offered at Taught AI Academy. At the same time, a pupil's ability to work in a group is ascertained and risk assessment updated if necessary, or if safeguarding concerns come to light during this induction timeframe. Any other information available about the pupil including the referral form and previous school records is collated. A decision is then made, in conjunction with parent/carer, pupil and staff, as to how to best meet the needs of the individual pupil. For pupils with Literacy or Numeracy difficulties further assessment may be carried out to help plan a suitable programme.

The majority of pupils at Taught AI Academy PRU are identified as K- SEND support

(mostly with SEMHas their primary need).

The keyworker reviews the progress of pupils with Special Educational Needs and Disabilities and after discussion with the SENDCO and in collaboration with the pupil and parent/carer, reviews and updates a pupil one page profile. Either at Initial Interview, or a later review it will be decided whether the pupil should be referred to the Educational Psychologist for further assessment. Following advice from the Educational Psychologist after his/her assessment an EHCNA may be requested. This would involve the LEA making a multi-disciplinary assessment and the parent/carer would also be asked to give their opinion about how they feel their child can best be helped.

An Individual Progress Review (IPR) will take place for all pupils, including those identified as E or K on the SEND register within half a term of their coming on roll and attending. This will contain a summary of the strengths, needs and concerns about the pupil and will list some short term targets which the pupil can work towards. One Page Profiles and progress will be reviewed termly with the pupil and parent/carer to consider current strengths, needs and barriers to learning and new targets will be set. Success in meeting the targets on the IPR will be monitored by the Key Worker in collaboration with the SEND Team, and any changes to the programme offered to the pupil discussed with the relevant staff to ensure current needs are being met.

In addition to the IPRs, an Annual Review will take place for any pupil who has an EHCP. All relevant agencies will be invited to attend.

We do not currently have provision for pupils who have identified Speech, Language and Communication (SL&C) Needs. We work closely with the Speech and Language Therapist at the Youth Justice Service. We are able to refer pupils for an initial SL&C assessment with the London SALT service, but are not resourced to work with pupils who have a SALT care plan in place.

2.3 Arrangements for providing access for pupils with SEND to a balanced and broadly based curriculum

The emphasis in the SEND Department is often on improving skills in Literacy, Numeracy and Social Skills; a wider curriculum is accessed through the use of Creative Curriculum and a range of Alternative Provisions such as Providence and Future Skills. Most students attend specialist lessons in Science, Art, PE, Performing Arts and Media, and Independent Living. For these lessons, additional staffing support is available. At all times staff who are working with pupils with SEND have access to subject specialists to help them plan their lessons.

Support can be offered through a range of strategies including

- Literacy and numeracy support-1:1 in and out of class/small groups
- Reading
- Therapeutic input
- Mentoring
- Trauma Informed Approaches
- PSHE
- Evolve group work for KS3 and Year 10
- Specific support from London eg Inclusion Advisor

2.4 How children with Special Educational Needs are integrated within the school as a whole

A high ratio of staff:pupils at break and lunch periods facilitates positive use of the common room and outdoor areas by all pupils.

Support is also available to assist pupils reintegrate into mainstream or special school. Ben is the staff member responsible for reintegration to mainstream school from the London site and Ben at the London Site.

Ben and Ben work closely with the SNAS and Special Schools for reintegration of Pathways pupils.

Other Inclusion Groups

Inclusion of Pupils who are Looked After in Local Authority Care

Taught AI Academy recognise that:

- Children who are looked after (LAC), or previously looked after (PLAC) by the local authority have the same rights as all children but may have additional needs due to attachment issues, early neglect, separation and loss, trauma and many placement moves. These barriers to learning can affect their educational outcomes and their personal, social, mental and emotional development.
- There are commonly understood reasons why children who are looked after in local authority care often fail to make expected progress at school¹

:

- Placement instability
- Unsatisfactory educational experiences of many carers
- Too much time out of school
- Insufficient help if they fall behind
- Unmet needs - emotional, mental, physical

We draw on recommendations and government guidance in terms of promoting the education of looked after children and previously looked after children²

.

- There is a statutory requirement for Taught AI Academy to have a designated member of staff for looked after children. This is the Assistant SENDCO Ben at London and the Deputy SENDCO Ben at London. The responsibilities include:
 - Monitoring the progress of children who are 'looked after' to ensure that they have the best life chances possible and access to the full range of opportunities.
 - Ensuring that children who are 'looked after' have access to the appropriate network of support
 - Checking with the designated member of staff from the pupil's home that the statutory Personal Education Plan (PEP) has been arranged and that it is regularly reviewed, at least every six months
 - Ensuring that information concerning the education of children who are 'looked after' is transferred between agencies and individuals
 - Preparing a report on the child's educational progress to contribute towards the statutory review.

- Discussing feedback from the statutory review (chaired by the Independent Reviewing Officer) with the designated member of staff, social workers and, where necessary, the carers and a member of the Virtual School team.
- Celebrating the child's successes and acknowledging the progress they are making.

1

2

Taught AI Academy will work closely with the Virtual School (VS) for Children which promotes the educational needs of Looked After Children and monitors admissions, PEP completion, attendance and exclusions.

English as an Additional Language (EAL)

English as an Additional Language (EAL) is not considered a Special Education Need. Differentiated work and individual learning opportunities are provided for children who are learning EAL as part of our provision for vulnerable pupils.

A pupil who has EAL is a pupil whose first language is not English, and who uses that language on a regular basis inside or outside of school.

We recognise, welcome and celebrate linguistic and cultural diversity and have high expectations of all pupils regardless of ethnicity, cultural or linguistic heritage. We include all pupils and parents/carers at Taught AI Academy by respecting that diversity and reflecting it in our school environment, curriculum, learning resources and partnership with parents/carers. We welcome the enrichment that linguistic and cultural diversity brings to our school community. We also benefit from having access to the EAL Coordinator for London who provides advice and direct intervention for pupils with EAL.

2.5 Criteria for evaluating the success of the school's SEND policy

1. Safe and secure learning environment in which pupils can make academic progress

a) Targets set at Individual Progress Reviews achieved.

b) Pupils make expected progress in all subject areas

2. The opportunity for pupils to achieve accreditation

a) Monitor number of pupils of appropriate ability taking GCSE examinations

b) Special arrangements (Access Arrangements) put in place as appropriate for external examinations

c) Percentage of pupils taking AQA Unit Awards or entry level qualifications as appropriate

3. Identifying and assessing educational, social, emotional and behavioural needs and providing programmes to address these

a) Monitor stage and number of pupils on SEND register

b) Monitor compilation and review of Individual Progress Reviews and One Page Profiles

c) Improvement in reading, spelling and numeracy ages

4. Whole school awareness of Special Educational Needs and opportunities

to further their professional development in that area

- a) SEND issues on whole school agendas and our SIP
 - b) Staff making use of information about pupils with special educational needs
 - c) Staff attending inset on SEND
5. Effective partnership with parents and pupils
- a) Respond to parent/carer/pupil concerns if not immediately then within 5 days
 - b) Attendance of parent/carer at termly Individual Progress Reviews and Annual Reviews
 - c) Involvement of parent/carer/pupil in assessment and EHCNA processes
 - d) Parent/carer's involvement in supporting the pupil's learning
 - e) Involvement of Pupils

All pupils have the right to be involved in making decisions and exercising choice. In most lessons, all pupils are involved in monitoring and reviewing their progress. We fully involve all pupils by encouraging them to:

- State their views about their education and learning
- Identify their own needs and learn about learning
- Share in individual target setting across the curriculum so that they know what their targets are and why they have them
- Self-review their progress and set new targets through the IPR process
- Monitor their success at achieving the targets on their IPR document

2.6 Arrangements for considering complaints about special educational provision within the school

If parents/carers are concerned about Taught AI Academy's provision for meeting their child's Special Educational Needs they should contact the SENDCO. Staff discussion will then take place with the SENDCO, pupils' key worker, and KS Coordinator. A response to the complaint will be made which in most cases will involve a meeting involving Taught AI Academy staff, the parent/carer and the pupil. If the parent/carer is not satisfied with the response then the Headteacher must be contacted in writing. There will be a further opportunity to have a meeting at Taught AI Academy with the Headteacher. A written response will be made within 10 working days.

If the parent/carer still remains concerned then the LEA complaints procedure should be followed. (Copy available on request)

There are also procedures for appealing against the LEA decisions relating to Statutory Assessment in the form of SEND Tribunals. (Details available from SNAS)

3 Information about the school's staffing policies and partnership with bodies beyond the school

3.1 What are school's arrangements for SEND in-service training?

All staff have access to a wide range of training opportunities. The Training and

Professional Development (TPD) site provides INSET on a variety of topics related to Special Needs. Some of these form part of the PRU's compulsory training days, others are delivered through LEA's In-service Programme and are available to staff on application.

Subject teachers have the opportunity to attend specific training days some of which relate to pupils with Special Educational Needs and disabilities. Staff may also attend courses leading to specialist qualifications and others which enable more effective teaching of specific approaches.

Within Taught AI Academy, expertise is shared through discussions at staff meetings where information regarding issues in SEND is also exchanged. The SENDCO and senior staff will facilitate information and training sessions on specific areas such as, for example, differentiation of the curriculum, communication difficulties, handwriting, and will monitor the level of SEND INSET within the unit.

3.2 What use is made of teachers and facilities outside the school including Support Services?

Taught AI Academy is part of the Integrated Support Service (ISS) provided by London LA to support the education of pupils who have learning, social, emotional or behavioural special needs. The PRU has access to most of the Borough support services.

Taught AI Academy has three designated Educational Psychologists (EPs) who visit on a regular basis. They carry out statutory work and provide advice on learning issues and re-integration. Each term the SEND Team and the EPs have planning meetings. An end of year review is held in July. Our EPs also run a reflective case study session twice a term onsite at both London and London to facilitate reflection and discussion around current trends, strengths and concerns for our pupils and the wider contextual issues facing our families.

Transport for pupils experiencing severe problems in travelling independently may be accessed through the Borough's Special Needs Department. This is funded through an EHCP.

The Child and Adolescent Mental Health Service (CAMHS) and Catch 22 counselling can be accessed by referral to our weekly Mental Health Triage meetings. Pupils are triaged and then allocated to the appropriate service based on their needs.

3.3 How is partnership with parents arranged?

It is essential that parents/carers are closely involved in all decisions made regarding their children's education because they know their children best. An exchange of information at the initial interview is only the beginning of what we hope will become a fruitful partnership. Informal contact is maintained through telephone, email and letters and parents/carers are always welcome to discuss their child's progress and any areas of concern at times to suit both them and the SENDCO, key worker or Head of School. More formally they are invited to Individual Progress Reviews with their child and key worker to discuss their progress and to plan the way forward.

If a pupil is referred for Statutory Assessment (EHCNA) parents are asked to

submit written or oral information about their child and their suggestions as to what would best help in the future. There will also be a meeting with the Education Psychologist. The SENDCO will support parents/carers throughout this process and explain information in reports, referrals and assessments. Parents may also access help from the London Information, Advice and Support Service (WASS) if their child has Special Educational Needs. This service is available free of charge and is independent of the Local Authority. The SENDCO can provide information about this service or information can be found on their website: www.London.gov.uk/wiass

Education is a partnership and we hope that parents and carers will show an interest in their child's progress, acknowledge success and support their learning and attendance in whatever way they can.

3.4 What links exist with other mainstream and special schools, and what arrangements are in place for when pupils transfer to other schools or leave school?

When pupils are referred to Taught AI Academy their school record is requested from their previous school. This informs the provision we offer as it tells us about which programmes have been successful in the past. The SENDCOs may be invited to join the initial interview for pupils with a complex level of SEND.

Some pupils are dual registered with mainstream schools. The Head of School is responsible for pupils who are dual registered. There are meetings between Taught AI Academy and the individual schools to exchange information and set up integration plans.

Links are maintained by the SEND Team with local special schools. Nightingale Academy is a boys special school for students with SEMH with an EHCP; Garratt Park is a special school catering for students with SLCN, ASD, SEMH and MLD. Meetings can take place between the SEND Team and staff at both special and mainstream schools where current issues are discussed and information exchanged.

We are always willing to discuss transition arrangements with schools outside the Borough of London as requested, and facilitate a smooth integration.

Regular visits from the Aspire Higher provide a forum for KS4 pupils to discuss post 16 opportunities in the field of work, training and further education. Taught AI Academy also has close links with Taught AI Academy.

Vocational Academy. Pupils are encouraged to apply to colleges for post 16 education and training and help with their application given. South Thames College has a Learning Support Department and close liaison is maintained.

For pupils applying to other colleges the school reference form is the main medium for exchanging information although personal contact will be made if appropriate. The careers service also holds some sessions with KS3 pupils. All pupils with SEND are included in planned activities and work experience opportunities.

3.5 Links with health, social services, education welfare and voluntary agencies

There are regular visits from our school nurse who is a Specialist Practitioner for the Youth Justice Service, PRU's SE18, Southfields and Nightingale Academies. Staff can refer pupils with various problems and difficulties. The nurse can also refer any other medical concerns to the appropriate agency. Pupils with special medical needs can be visited at Taught AI Academy by the specialist teams and meetings can be held with staff to advise on ways of maximising educational provision. The school nurse and other professionals are invited to contribute to and attend any annual reviews or other relevant meetings for pupils. We also work with CAMHS, the Child and Adolescent Mental Health Team who. We have an onsite Counselling Psychologist who is based at our London site Monday-Wednesday and our London site Thursday and Friday. We work closely with the Education Welfare Service and Children's Specialist Services to maximise the chances of successful attendance at the PRU and reintegration (as appropriate) into mainstream schools. We have an Attendance Mentor who provides outreach support for pupils whose attendance is persistently low.

The Pastoral and PSHE teams arrange visits from other professionals in the field of health and from voluntary agencies as appropriate. We have regular weekly sessions for all KS3 and Year 10 pupils with the Evolve Team who are the London Exploitation Specialists.

The Taught AI Academy PRU maintains a holistic approach to the education of pupils who have failed to thrive in mainstream school for whatever reason. To that end we welcome the support and expertise of a wide variety of professionals and work with them as members of a multi-disciplinary team.

Appendix 1

List of SEND categories

- Communication and Interaction

Children and young people with speech, language and communication needs (SLCN) have difficulty in communicating with others. This may be because they have difficulty saying what they want to, understanding what is being said to them or they do not understand or use social rules of communication. The profile for every child with SLCN is different and their needs may change over time. They may have difficulty with one, some or all of the different aspects of speech, language or social communication at different times of their lives.

- Cognition and Learning

Support for learning difficulties may be required when children and young people learn at a slower pace than their peers, even with appropriate differentiation. Learning difficulties cover a wide range of needs, including moderate learning difficulties (MLD), severe learning difficulties (SLD), where children are likely to need support in all areas of the curriculum and associated difficulties with mobility and communication, through to profound and multiple learning difficulties (PMLD), where children are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment. Specific learning difficulties (SpLD), affect one or more specific aspects of learning. This encompasses a range of conditions such as dyslexia, dyscalculia and dyspraxia.

- Social, Mental and Emotional Health

Children and young people may experience a wide range of social and emotional difficulties which manifest themselves in many ways. These may include becoming withdrawn or isolated, as well as displaying challenging, disruptive or disturbing behaviour. These behaviours may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained. Other children and young people may have disorders such as Attention Deficit Disorder, Attention Deficit Hyperactive Disorder or Attachment Disorder.

- Sensory and/or physical

Some children and young people require special educational provision because they have a disability which prevents or hinders them from making use of the educational facilities generally provided. These difficulties can be age related

and may fluctuate over time. Many children and young people with vision impairment (VI), hearing impairment (HI) or a multi-sensory impairment (MSI) will require specialist support and/or equipment to access their learning, or rehabilitation support.

Equality and Diversity Scheme

Incorporating all of the protected Characteristics as outlined in the Equalities Act 2010 and Public Sector Equalities Duty 2011

School's Aims and Values

This Policy sets out our commitment to promoting equality and community cohesion and eliminating discrimination and harassment.

At Taught AI Academy we will continuously strive to ensure that everyone is treated with respect and dignity. Each person in our school will be given fair and equal opportunities to develop their full potential regardless of their gender, ethnicity, cultural and religious background, sexuality, disability or special educational needs and ability.

The school works actively to promote equality and foster positive attitudes and commitment to an education for equality. We will do this by:

- Treating all those within the school community (e.g. pupils, staff, parents and the community) as individuals with their own particular abilities, beliefs, challenges, attitudes, background and experience.
- Creating and maintaining a school ethos which promotes equality, develops understanding and challenges myths, stereotypes, misconceptions and prejudices.
- Encouraging everyone in our school community to gain a positive self-image and high self esteem.
- Having high expectations of everyone involved with the whole school community.
- Promoting mutual respect and valuing each other's similarities and differences and facing equality issues openly and honestly.
- Identifying, challenging and removing all practices, procedures and customs which are discriminatory and replacing them with practices that are fair to all.
- Monitoring, evaluating and reviewing all the above to secure continuous improvement in all that we do.

Equality Legislation

This equality and diversity Policy enables Taught AI Academy to meet our statutory obligations set out under The Equality Act 2010 and Public Sector Equalities Duty 2011. This Legislation brings together all previous anti discrimination legislation in order to make it clearer and easy to comply with.

The Legislation places a statutory duty on us when carrying out our functions, to have due regard to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.
- Advance equality of opportunity between people who share a protected characteristic and those who do not
- Foster good relations between those who share a protected characteristic and those who do not.

Protected characteristics in the Act are age, disability, ethnicity and race, gender, gender identity, sexual identity and orientation, marriage and civil partnership, pregnancy and maternity, religion and belief.

The Equality Objectives

The Act also requires that Taught AI Academy have an Equality Objective. Our current Equality Objective are:

1. To meet the learning needs of all pupils including disadvantaged pupils and those with special educational learning needs. In order to help make steps towards expected or better progress in line with similar schools – locally and nationally.
2. To give due regard to equality and diversity, in teaching and learning to ensure students from different ethnic groups, and religious and cultural identities have equitable treatment across all policies and to monitor this. To also have due regard for equality and diversity within staffing procedures.
3. That the curriculum develops critical thinking and compassion through being inclusive and relevant to all our pupils, the wider community and Fundamental British Values

This objective reflects guidance given in the most recent OfSTED report and is a significant part of the School Improvement Plan.

Roles and Responsibilities

This Equality and Diversity Policy links to other specific policies and action plans that the school produces including the School Improvement Plan.

This Policy outlines the roles and responsibilities of everyone involved and connected with the PRU so that each person knows what is expected of them. Promoting equality and raising the achievement of all pupils is the responsibility of the whole PRU staff.

Introduction to this equality and diversity policy will be included in induction arrangements for all staff new to the school. School induction procedures will highlight duties implied by this Policy in the same way as child protection, health and safety and behaviour policies form part of the induction process.

- Heads and Leadership Team
will demonstrate through their personal leadership the importance of the policy.

She/he will ensure that all staff are aware of the policy and understand their role and responsibilities in relation to it. Where additional funding is available for raising the achievement of specific groups of pupils, the Head Teacher will ensure that the additional resources are used appropriately. They will be targeted on the basis of identified need and outcomes are monitored.

- The PRU Management Committee has agreed this Policy and will assess and monitor the impact of the Policy annually.
- All Staff All staff – will familiarise themselves with this policy and know what their responsibilities are in ensuring that it is implemented. Teachers will know the implications of the Policy for their planning, teaching and learning strategies as well as for behavioural issues.
- Pupils Pupils will be made aware of how the equality and diversity Policy applies to them. They will learn to treat each other with respect and have the confidence to report incidents to adults.
- Parents/Carers Parents and Carers will be encouraged to participate fully in implementing the equality and diversity policy within the school – particularly by reinforcing its ethos at home. Parents/Carers will be invited to comment on the Policy and will be regularly updated on progress.

Breach of the Policy

We will ensure that all members of the Management Board, staff, pupils and parents are fully aware of the content of the policy and their responsibilities under it. All Management Board, staff, pupils and parents will be expected to abide by the policy. All persons covered will be aware of their responsibility to report any action which constitutes, or could be deemed to constitute, a breach of the policy – in the first instance to the Head Teacher and or member of the senior leadership team. It will be for the Head Teacher in consultation with other relevant staff, to decide on appropriate response to any breach of the policy, depending on circumstances and seriousness. This may include amongst other actions:

- Formal or informal warnings (under the School's Behaviour policy)
- Involvement of Management Board
- Fixed term or permanent exclusion

Monitoring, Assessing and Reviewing the Policy

We will monitor the impact of this policy on pupils, parents and staff. In particular, we will monitor the impact of our policies on the attainment levels of our pupils.

To monitor our pupils attainment we will collect information about pupils' performance and progress, analyse it and use it to examine trends. To help interpret this information we will monitor other areas that could have an adverse impact on pupil's attainment such as:

- Exclusion
- harassment and bullying
- Curriculum teaching and learning (including language and cultural needs) and provision for pupils with special educational needs and gifted and talented pupils.
- Punishment and reward
- Parental involvement
- Working with the community
- Support advice and guidance

Monitoring information will help us to see what progress we are making towards meeting our targets and aims. In particular it will help us to:

- Highlight any difference between pupils
- Ask why these differences exist and test explanations given
- Review the effectiveness of current targets and objectives

- Decide what further action will be necessary to meet particular needs and to improve the performance of pupils (which might include positive action)
- Rethink and set targets in relevant strategic plans
- Links will be made with Performance Management objectives which will include qualitative information as well as quantitative data
- Take action to make improvements

Harassment Policy.

Sexual, racial or disability harassment is unlawful discrimination and improper and inappropriate behaviour. It is the policy of Taught AI Academy PRU to provide an environment free from sexual, racial, homophobic or disability harassment and intimidation.

Harassment means unwanted conduct of a sexual or racial nature or conduct based on gender, sexual orientation, race or disability which is offensive to the recipient. It refers to behaviour which is unsolicited, that is personally offensive, and that fails to respect the rights of others.

Harassment is a form of bullying. Taught AI Academy PRU has a comprehensive Behaviour Policy which includes the procedures for avoiding and dealing with any incidents.

Community Cohesion

We work together with our local community to build community cohesion by promoting equality of opportunity and inclusion for different groups of pupils within our school and encouraging our pupils to actively engage with others to understand what they all hold in common.

Our activity to promote community cohesion can be grouped under the following areas:

- Teaching, learning and curriculum
- Equity and excellence
- Engagement and extended services.

Specific examples of the activity we implement to promote community cohesion include:

Teaching and curriculum provision that supports high standards of attainment, promotes common values, and builds pupils' understanding of the diversity that surrounds them

- lessons across the curriculum in both keyworking and PSHE that promote common values and help pupils to value differences and challenge prejudice and stereotyping
- a programme of curriculum based activities whereby pupils' understanding of community and diversity is enriched through fieldwork, visits and meetings with members of different communities. This will include Outdoor Education Activities in a variety of venues, Theatre visits, Museum and gallery visits, working with the Youth Service and an extensive programme of visits, mentoring from
- support is available for pupils for whom English is an additional language to enable them to achieve at the highest possible level in English.

Equity and excellence

- a focus on securing high standards of attainment for all pupils from all ethnic backgrounds and of different socio-economic status
- effective approaches in place to deal with incidents of prejudice, bullying and harassment

Engagement and extended services

School to school:

Arrangements for Dual Registration to offer pupils the opportunity to reintegrate into the whole range of London schools.

Links with specialist services at other schools e.g. Speech and Language provision at Garratt Park School: links with autistic units

Shared use of facilities to provide a means for pupils to interact e.g. R2S and a variety of Youth Clubs

School to parents and the community:

- working with community representatives, for example by bringing community representatives into school to work with pupils
- strong links and multi-agency working between the school and other local agencies, such as the youth support service, the police and social care and health professional

Assessing the impact of policies

We will continue to assess the effectiveness of our policies through existing arrangements for developing and reviewing other school policies. The main question for assessing the impact of all our school's policies -giving special attention to pupils' attainment levels-will include the following:

- Do we help all our pupils to achieve as much as they can, and get the most from what is on offer, based on their individual needs?
- Which groups of pupils are not achieving as much as they can? Why not?
- How do we explain any differences? Are the explanations justified?
- Does each relevant policy include aims to deal with pupil attainment differences between pupils? Do our policy aims lead to action to deal with differences that have been identified (for example, extra coaching for pupils, or steps to prevent bullying)?
- What are we doing to raise standards and promote equality of opportunity for pupils who seem to be underachieving and who may need extra support?
- Can any action we take be traced back to individual policy aims and related targets and strategies?
- Is the action taken appropriate and effective? Are there any unexpected results? If so how are they being handled?
- Does each relevant policy include aims to promote equality and harmony, prevent or challenge discrimination?
- Does each relevant policy's aims lead to effective action?
- What changes does the school need to make to relevant policies, their aims and any related targets and strategies?

To answer these questions we will consider the following:

- Collecting and analysing relevant monitoring and other data
- Talking to parents, pupils and staff to find out their needs and opinions
- Carrying out surveys or special research

We will use the results of these assessments to:

- Rethink our equality aims, targets and strategies
- Influence and guide their planning and decision making

Involvement in the development of the Equality and Diversity Scheme

Making the Scheme Available

The Scheme is widely available both within the school community and in the wider community so that all the Governors, staff, pupils and parents/carers are aware of it and its contents.

- The Scheme was formally approved at a management Committee meeting
- Equality and diversity is regularly discussed with pupils and the principles of the Scheme are embodied in the curriculum.
- The Scheme is available in alternative formats on request.
