Taught AI Primary – Vision and Values

Our Vision

At Taught AI Primary, we believe every child is unique, capable and full of potential. Our vision is to create a school where:

- Every child feels safe, happy and excited to learn
- Diversity is celebrated and inclusion is at the heart of everything we do
- Pupils develop strong foundations in reading, writing, maths and digital literacy
- Children grow in confidence, curiosity, and creativity through engaging and challenging learning

We are committed to building a kind, inclusive community that prepares our children not just for the next stage of education, but for life.

Our Core Values

Our school values are woven into daily life, assemblies, learning and relationships:

- **Kindness** – we care for each other, ourselves and the world around us
- **Respect** – we treat everyone fairly and celebrate differences
- **Resilience** – we keep trying even when things are tricky
- **Creativity** – we use our imagination to solve problems and express ourselves
- **Curiosity** – we ask questions and love finding out new things
- **Teamwork** – we help each other learn and grow together

These values guide the way we learn, behave and interact, helping all children feel safe, included and proud of who they are.

Taught AI Primary – AI Usage Policy (Primary School Context)

1. Introduction

At Taught AI Primary, we recognise that Artificial Intelligence (AI) has the potential to support teachers in planning, resource creation and communication. While pupils in our setting **do not use AI tools directly**, we support safe, ethical, and thoughtful use of AI by adults in ways that uphold our safeguarding responsibilities and inclusive values.

2. Our Principles

Staff use of AI must always:

- Prioritise **pupil safety and wellbeing**
 - Respect **data protection and privacy laws**
 - Support **inclusive, trauma-informed teaching**
 - **Never replace professional judgment**
 - Be used in ways that are **age-appropriate** and aligned with our safeguarding duties
-

3. Who Can Use AI Tools?

Only school staff are permitted to use AI tools. Pupils **must not** access AI platforms (e.g. ChatGPT, Copilot) at school or home for learning unless part of a structured, approved intervention reviewed by SLT and parents.

Staff use must be monitored and safe. Parents and carers will be informed of any future changes to this policy.

4. Appropriate Use by Staff

Staff may use AI to:

- Generate anonymised lesson resources, such as phonics games, reading prompts or maths challenges

- Adapt content for learners with additional needs (e.g. visuals for EAL or SEND)
- Translate newsletters or support communication with non-English-speaking families
- Draft curriculum overviews, school communications or letters home (with review)
- Summarise professional reading or research to support CPD
- Generate creative ideas for displays, assemblies, or themed events

All outputs must be reviewed carefully and tailored to suit our pupils.

5. What Is Not Allowed

Staff must **never**:

- Input identifiable pupil data into AI tools (e.g. names, SEN needs, behaviours)
 - Upload internal reports, EHCPs, safeguarding logs or behaviour records
 - Use AI to assess, label, or predict a child's ability, needs or behaviours
 - Ask AI for medical advice or SEND diagnosis
 - Use tools that retain or train on input data (e.g. free versions of AI tools)
-

6. Data Privacy and Safeguarding

To protect our community:

- AI use must comply with **UK GDPR** and the **Data Protection Act (2018)**
 - Only SLT-approved platforms may be used
 - No pupil information should ever be used — even if anonymised
 - Staff must avoid uploading documents from CPOMS, ScholarPack, Tapestry, etc.
 - Any safeguarding concerns must follow **normal reporting protocols**, not AI
-

7. Age-Appropriate Practice

Children in EYFS and KS1 are **not aware of AI tools** and will not use them. In KS2, if AI concepts are discussed (e.g. as part of computing or digital literacy), teachers will:

- Use child-friendly explanations
- Avoid “mystifying” AI or presenting it as human-like
- Emphasise critical thinking, kindness, and responsibility

AI is always positioned as a **tool to support adults** in their professional roles — not a replacement for people.

8. Training and Monitoring

- Staff will receive annual guidance on ethical AI use, data safety and inclusive practice
 - Use of AI tools will be reviewed by the Headteacher, DSL and DPO
 - Any breaches may be treated as safeguarding or conduct concerns
-

9. Summary for Staff

- ✓ Use AI only with SLT-approved tools
- ✓ Never include any pupil, family or staff identifiers
- ✓ Use it to **support**, not replace your work
- ✓ Review and adapt all content before use
- ✓ Ask the DSL or DPO if unsure

1. Intent

At Taught AI Primary, our curriculum is designed to give every child — regardless of background, need or starting point — the knowledge, vocabulary, confidence and curiosity they need to thrive.

Our curriculum is:

- **Rooted in early reading, writing and maths** — because these open the door to all future learning
- **Ambitious and inclusive**, meeting the needs of pupils with SEND, EAL, or gaps in learning
- **Sequenced with care**, so knowledge builds steadily across subjects and key stages
- **Broad and rich**, nurturing the whole child through art, science, music, physical development and more

We aim to ensure that every child becomes:

- A **confident reader** and effective communicator
 - A **skilled mathematician** who can apply number fluently
 - A **resilient learner** who can think, question and solve problems
 - A **kind, thoughtful citizen** ready for life beyond primary school
-

2. Prioritising Literacy and Numeracy

Literacy and numeracy are the golden threads that run through all teaching.

Reading

We place reading at the heart of our curriculum by:

- Teaching phonics every day using a validated SSP programme
- Ensuring pupils read to an adult regularly, including targeted readers
- Immersing children in high-quality stories, poems and non-fiction
- Using *book talk* and oracy strategies to deepen understanding

- Intervening quickly when pupils fall behind

Writing

We build confident writers by:

- Modelling writing through shared and guided sessions
- Teaching grammar and handwriting explicitly and purposefully
- Using sentence stems, word banks and visual supports for scaffolding
- Promoting creativity and structure in all subjects

Mathematics

We secure number fluency by:

- Teaching using the **Concrete–Pictorial–Abstract (CPA)** approach
- Building strong number sense, patterns and vocabulary from EYFS
- Encouraging reasoning and problem-solving from the start
- Using small steps, regular retrieval and practical tasks

Pupils who need support receive rapid, targeted intervention led by trained adults.

3. Implementation

Teachers deliver the curriculum through:

- Carefully sequenced subject plans, with clear progression
- Pre-teaching, scaffolding and visual resources
- Consistent use of working walls, vocabulary prompts and manipulatives
- Adaptive teaching for SEND, EAL and disadvantaged learners
- Retrieval practice to secure long-term memory

Each subject includes key vocabulary, enquiry questions, and "sticky knowledge" children are expected to know and apply.

4. Inclusion and Equity

We make sure every child can access the curriculum by:

- Identifying gaps early and acting swiftly
- Using trauma-informed and neurodiverse-aware teaching strategies
- Removing barriers to participation (e.g. sensory, language, emotional)
- Supporting access to texts, maths tools, oracy frames and visual aids
- Encouraging high expectations for all — with the right scaffolds

Pupils with EHCPs, SEND or SEMH needs have personalised plans co-designed with families and specialists.

5. Subject Coverage

We teach all National Curriculum subjects, with specialist teaching in PE, Music and Computing. These are enriched with:

- Forest School and outdoor learning
- Themed weeks and celebration days
- Trips and visitors linked to learning
- Regular use of story, talk, art and performance

All subjects promote literacy, vocabulary and thinking skills.

6. Assessment and Impact

We know our curriculum is working when:

- Pupils can remember and talk about what they've learned

- Children make strong progress from their starting points
- Gaps in reading, writing and maths are closing over time
- Pupils with SEND feel proud, included and successful
- Books, learning walks and pupil voice show high-quality experiences

Assessment is low-stakes, ongoing and used to inform next steps. We check for understanding regularly and celebrate effort as well as outcome.

Taught AI Primary – Behaviour Policy

“Safe, Kind, Ready to Learn”

1. Our Behaviour Ethos

At Taught AI Primary, we believe that behaviour is a form of communication and that children flourish in environments that are warm, predictable and safe. We approach behaviour through the lens of **relationships, regulation and repair**.

We prioritise:

- Connection before correction
- Teaching, not punishing
- Emotion coaching and reflection
- A shared, whole-school approach based on kindness and clarity

We do not expect perfection — we expect growth.

2. Our Core Behaviour Values

We teach every child to be:

- **Safe** – with our bodies, words and actions
- **Kind** – to ourselves, others and our environment
- **Ready to Learn** – with our focus, attitude and effort

These values are taught, modelled and revisited in every classroom, assembly and conversation.

3. A Primary-Friendly Approach

We recognise that:

- Young children are still learning how to manage big feelings
- Some behaviours are developmentally appropriate (e.g. shouting out, wriggling)

- Clear routines, visuals and consistent adult responses help pupils feel safe
- Shouting, shaming or public punishment have no place in our practice

Instead, we use:

- Visual timetables and now/next prompts
 - Emotional regulation zones and calm corners
 - First–then boards and movement breaks
 - Key adult check-ins and sensory strategies
 - “Repair and restore” conversations when ready
-

4. School-Wide Systems

We use shared, visible systems to promote consistency:

- Class recognition boards and celebration circles
- House points and team awards
- Positive notes, certificates and weekly celebration assemblies
- Clear class charters co-created with pupils
- Individual plans and routines for those who need more support

All staff follow our school’s “Connect-Regulate-Reason” framework.

5. Support for Emotional and Social Needs

Some children need more than universal strategies. We provide:

- Daily check-ins with a key adult
- Access to The Nest (nurture room) for regulation
- Pastoral interventions (e.g. Lego therapy, social stories, Zones of Regulation)

- Emotion coaching scripts
- Tailored plans created with families, SENCO and external agencies

We always ask: “What is this behaviour trying to tell us?”

6. Repair and Reflection

When things go wrong, we help pupils repair by:

- Talking through the incident when calm
- Exploring what happened and how it felt
- Making amends with kind words, drawings, notes or actions
- Re-teaching expected behaviours and skills

No child is written off or labelled — we support them to grow, every time.

7. Pupil Voice and Inclusion

We actively involve children in shaping our behaviour culture through:

- Circle times and class discussions
 - School Council feedback
 - Restorative peer conversations
 - Inclusive stories and role play around feelings and fairness
-

8. Partnerships with Families

We work closely with families, recognising behaviour as a shared responsibility:

- We share strategies and celebrate progress
- We don't send children home unless a safeguarding risk is present

- We keep communication calm, timely and focused on solutions
 - We avoid blame and focus on support
-

9. Serious Incidents and Safety

For rare and serious incidents (e.g. physical harm, unsafe behaviour), we:

- Follow our Positive Handling and Safeguarding policies
- Use risk assessments and behaviour support plans
- Involve the DSL, SENCO, and SLT
- Hold a restorative meeting with the pupil and family

Exclusion is always a last resort and only used when absolutely necessary to keep others safe.

Taught AI Primary – Special Educational Needs and Disabilities (SEND) Policy

1. Our Commitment to Inclusion

At Taught AI Primary, we are proud to be an inclusive school. We welcome and celebrate all children — including those with special educational needs and disabilities — and believe every child has the right to access learning, make progress and feel proud of who they are.

We follow the principles of the **SEND Code of Practice (2015)**:

- All children are entitled to high-quality teaching
- SEND support should be child-centred and co-produced with families
- Needs should be identified early and responded to quickly

- Children with SEND should be fully included in school life
-

2. What Counts as SEND?

We support children with a wide range of needs, including:

- **Cognition and learning** (e.g. dyslexia, global delay)
- **Communication and interaction** (e.g. autism, speech/language difficulties)
- **Social, emotional and mental health (SEMH)** (e.g. anxiety, attachment needs)
- **Sensory and/or physical needs** (e.g. hearing impairment, fine motor skills)

We recognise that some children may have needs in more than one area.

3. Early Identification and Support

We are proactive in identifying needs through:

- Close observation and classroom-based assessment
- Teacher feedback and pupil voice
- Parent/carers conversations
- Specialist advice (e.g. speech and language therapists, educational psychologists)

As soon as a concern is raised, we follow the **Assess–Plan–Do–Review** cycle and provide additional support.

4. How We Support Children with SEND

We provide a graduated response that may include:

- **In-class adaptations**, such as visuals, scaffolds, movement breaks, chunking, quiet spaces

- **Small-group interventions**, such as phonics catch-up, reading fluency, emotional literacy
- **1:1 support**, linked to EHCPs or significant need
- **SEND Support Plans**, co-produced with families and reviewed termly
- **Specialist input**, such as SaLT, OT, CAMHS, EP, and advisory teachers

Our goal is to build independence, resilience and confidence over time.

5. Staff Training and Expertise

All staff receive ongoing CPD in:

- Inclusive classroom practice
- Autism, ADHD and speech and language strategies
- Trauma-informed and attachment-aware approaches
- The use of visuals, prompts, and sensory tools

The **SENDCo** is a qualified and experienced leader who supports all staff, leads provision, and works with external agencies.

6. Pupil and Family Voice

We believe that families know their children best. We:

- Involve parents/carers in every stage of the SEND process
- Hold termly review meetings to co-create support plans
- Use child-friendly tools (e.g. “One Page Profiles”) to centre pupil voice
- Offer regular communication via check-ins, home–school books, or Dojo

We value partnership and work together as a team around the child.

7. Inclusion in the Life of the School

Children with SEND take part in:

- Every subject in the curriculum, with appropriate adaptations
- School trips, clubs, performances and leadership roles
- Celebration assemblies, team events and pupil voice activities

We believe inclusion is a right, not something to be earned.

8. EHCPs and Statutory Support

If a child's needs are long-term and complex, we may apply for an **Education, Health and Care Plan (EHCP)**. This process is led by the SENDCo, in partnership with the family and the local authority. EHCPs are reviewed annually and provision is personalised.

9. Transitions

We support smooth transitions into, within and beyond school by:

- Providing social stories, visits and visuals
- Sharing information with new staff or schools
- Holding transition reviews with parents and professionals
- Offering extra visits and preparation time where needed

We want every child to feel confident and secure at each new stage.

10. Monitoring and Evaluation

We monitor SEND support through:

- Progress data and outcomes
- Learning walks and work scrutiny

- Pupil and family feedback
- Regular SEND reviews with the Headteacher and Governors

This policy is reviewed annually and published on our website.

Taught AI Primary – Inclusion Policy

“Belonging, Participation, Equity”

1. Our Inclusive Vision

At Taught AI Primary, inclusion is not an initiative — it is who we are. We believe that all children, regardless of their background, need, ability or identity, deserve to feel safe, respected, and fully part of school life.

We are committed to:

- Removing barriers to learning and participation

- Celebrating diversity and championing equity
- Creating a school where **everyone feels they belong**

Inclusion applies to all protected characteristics under the **Equality Act 2010**, including disability, race, gender, religion, sexual orientation and socioeconomic background — and extends to children with SEND, EAL, trauma histories, and care-experienced pupils.

2. What Inclusion Looks Like in Our School

In our classrooms and corridors, inclusion means:

- Every child is greeted by name and made to feel welcome
- Teaching is adapted so every child can access the curriculum
- Resources reflect our diverse community
- Adults model respect, curiosity and fairness
- Children are taught to be kind, reflective and inclusive peers

We do not expect children to fit in — we shape our practice to fit the children.

3. Inclusive Classroom Practice

Teachers ensure that learning is:

- **Differentiated** and scaffolded to support varied needs
- Delivered using **visuals, manipulatives, vocabulary prompts**, and routines
- Planned with **EAL, SEND and vulnerable learners in mind first**
- Supportive of **oracy, emotional regulation, and retrieval**

We use the principles of **universal design for learning (UDL)** to ensure no child is left behind.

4. Representation and Belonging

We believe children must “see themselves” in the curriculum and school environment. So, we ensure:

- Displays, books, and materials reflect a wide range of cultures, languages and identities
 - Assemblies, stories and curriculum themes celebrate difference
 - Family structures, traditions and heritages are respected
 - Children’s experiences and voices shape learning and decision-making
-

5. Access and Participation

We actively work to remove barriers to inclusion, including:

- Adapting trips, PE, and clubs for physical and sensory access
 - Providing visual aids, task boards and now/next cards for children needing structure
 - Supporting social skills through friendship groups and ELSA time
 - Translating key materials and offering interpretation for EAL families
 - Funding access to uniform, equipment or visits when needed
-

6. Inclusive Behaviour and Wellbeing

We know behaviour is communication. Our trauma-informed behaviour approach:

- Builds connection and emotional literacy
- Avoids public shame, rigid punishment or exclusion wherever possible
- Supports regulation, reflection and repair
- Offers tailored plans and safe spaces for pupils who need more support

We also promote mental health and wellbeing through daily check-ins, calm corners, and universal PSHE.

7. Inclusive Language and Communication

We use:

- Clear, simple, non-judgemental language with pupils and families
 - Visual timetables, symbols and Makaton where appropriate
 - Multilingual and Easy Read resources when needed
 - “Person-first” and affirming language (e.g. “a child with autism”, not “an autistic child” — unless family preferences differ)
-

8. Family and Community Inclusion

We engage and include families by:

- Providing translated materials and interpreters where required
- Hosting inclusive coffee mornings, workshops and forums
- Listening to parent voice through surveys and informal conversations
- Ensuring families with protected characteristics are not marginalised

We treat all parents with dignity and care, and never make assumptions.

9. Leadership, Monitoring and Evaluation

Inclusion is led by SLT, the Inclusion Lead and SENCO, and monitored through:

- Progress, participation and behaviour data
- Book looks, pupil voice, family feedback
- Disproportionality analysis (e.g. exclusions, SEND/PP overlap)
- Staff training and confidence audits

We report annually to governors and publish our Equality Objectives and Accessibility Plan.

Taught AI Primary – Staff Code of Conduct

“Modelling Integrity, Safety and Care”

1. Purpose

At Taught AI Primary, we hold the highest expectations for all staff. We believe that adults must **model the behaviour, language and values** we expect from our children — in every lesson, every corridor, every conversation.

This Code of Conduct applies to:

- All staff (teaching, support, admin, site team)
- Volunteers, visitors, contractors and governors

- Anyone working on behalf of or in partnership with the school

It supports our safeguarding duty under:

- Keeping Children Safe in Education (2024)
 - Working Together to Safeguard Children (2023)
 - Teachers' Standards (2011)
 - Equality Act (2010)
-

2. Safeguarding and Child Protection

All adults must:

- Prioritise pupil safety and wellbeing at all times
- Follow school safeguarding procedures and report any concerns immediately
- Never promise confidentiality to a child — always share concerns with the DSL
- Complete annual safeguarding training and read Part 1 of KCSIE
- Always ask the DSL or Head if unsure about a safeguarding issue

All safeguarding concerns — even small ones — must be recorded clearly and factually.

3. Professional Behaviour

Staff must:

- Be calm, respectful and kind — even under pressure
- Treat all pupils, families and colleagues with dignity and fairness
- Use positive language and avoid sarcasm, shouting or humiliation
- Respect cultural, religious and individual differences

- Maintain high expectations of all children — including those with SEND, SEMH or EAL needs

Pupils learn from what we do more than what we say. Staff are role models at all times.

4. Professional Boundaries

Adults must:

- Keep relationships with pupils professional at all times
- Avoid sharing personal social media or contact details with pupils or families
- Never accept or give personal gifts or money to pupils
- Maintain clear boundaries between professional and personal life
- Avoid favouritism, over-familiarity or private messaging with children or families

Physical contact should be appropriate, limited, and always in the best interests of the child (see Positive Handling Policy).

5. Appearance and Dress

Staff should dress:

- Smartly, professionally and safely for their role
 - In a way that respects our diverse community
 - Modestly and practically — especially for working with young children
 - Avoiding clothing with offensive slogans, excessive exposure, or unsafe footwear
-

6. Use of Technology

Staff must:

- Use school devices and email systems for professional purposes only

- Follow the school's Online Safety and Data Protection policies
- Never store or share images of pupils on personal devices
- Avoid using phones during lessons or when supervising pupils
- Report any misuse of technology or inappropriate content immediately

We model responsible digital citizenship for children.

7. Confidentiality and Data Protection

Staff must:

- Treat all personal information (pupil, family or staff) with care and confidentiality
- Only share information on a need-to-know basis
- Store records securely and follow GDPR procedures
- Never discuss school matters in public or on social media

Breaches of confidentiality can lead to disciplinary action.

8. Allegations and Whistleblowing

Staff must:

- Report any concern about a colleague's behaviour or conduct to the Headteacher or Chair of Governors
- Use the school's Whistleblowing Policy if needed
- Raise safeguarding concerns about adults without fear of victimisation

We expect openness and accountability, not silence or loyalty to individuals.

9. Health, Safety and Wellbeing

Staff should:

- Follow all school policies and risk assessments
- Report hazards or safety concerns promptly
- Take reasonable care of their own and others' health and wellbeing
- Ask for help if struggling emotionally, physically or professionally
- Support each other with kindness and integrity

We are a community — we look after each other.

10. Monitoring and Compliance

This Code of Conduct is:

- Shared with all staff annually and part of induction
- Reviewed and updated each year by SLT and Governors
- Taken seriously — breaches may lead to disciplinary action, up to dismissal

OFSTED OUTSTANDING CRITEREA

Key Judgement Areas

Inspectors assess schools based on four key areas:

1. Quality of Education
2. Behaviour and Attitudes
3. Personal Development

4. Leadership and Management

Where relevant, inspectors will also assess:

- Early Years Provision
- Sixth-form Provision

Outstanding Criteria in Each Key Area

1. Quality of Education

To be outstanding, a school must:

- Meet all "Good" criteria securely and consistently.
- Provide an exceptional quality of education.
- Have a clearly defined and well-implemented curriculum that is embedded across the school.
- Ensure that teachers understand and implement the curriculum effectively.
- Deliver a curriculum that is well-sequenced and builds knowledge progressively.
- Produce high-quality work from students.
- Ensure all pupils achieve highly, including disadvantaged pupils and those with Special Educational Needs and Disabilities (SEND).

2. Behaviour and Attitudes

Outstanding schools must:

- Ensure pupils consistently demonstrate respect for others.
- Create an environment where differences are valued and bullying is not tolerated.
- Foster highly positive attitudes towards learning and encourage pupils to contribute to their school and wider community.
- Support pupils in developing resilience and commitment to their education.
- Ensure behaviour and discipline are exemplary, with pupils demonstrating self-control and positive attitudes.

3. Personal Development

To achieve an outstanding rating, a school must:

- Offer a wide range of high-quality opportunities for pupils' personal development.
- Ensure disadvantaged pupils, including those with SEND, fully benefit from these opportunities.
- Provide exceptional character education that sets an example for other schools.
- Coherently plan these experiences through the curriculum and extracurricular activities.

4. Leadership and Management

Outstanding leadership and management include:

- A strong vision for high-quality education, effectively realized through shared policies and practices.
- Continuous professional development for teachers, ensuring consistent improvement in teaching quality.
- Proactive engagement with staff to address workload and well-being concerns.
- Effective governance and accountability, ensuring the school complies with statutory responsibilities.
- A culture of safeguarding, where staff and students feel safe.

5. Early Years Provision (If Applicable)

- The Early Years Foundation Stage (EYFS) curriculum must be ambitious, with no barriers to achievement.
- Children should be deeply engaged, highly motivated, and eager to learn.
- SEND and disadvantaged pupils should achieve the best possible outcomes.

6. Sixth-Form Provision (If Applicable)

- Sixth-form students should consistently achieve high standards in their studies.
- They should show strong commitment, motivation, and positive attitudes.
- The curriculum should be challenging, well-planned, and prepare students for future learning or employment.

General Guidance for Outstanding Schools

- Exceed Expectations: Schools must not only meet the "Good" criteria but go above and beyond in all areas.
- Consistency is Key: Strength in one area is not enough—all aspects must be strong and exceptional.
- Evidence-Based Impact: Inspectors will look at data, lesson observations, student work, and discussions with staff and pupils.
- Safeguarding: Leadership and management must ensure effective safeguarding practices and promote a culture of safety.

Summary

Achieving an outstanding Ofsted rating requires excellence across all areas—from teaching quality to student development and school leadership. Schools must ensure a coherent, ambitious curriculum, strong behaviour management, personal development opportunities, and exceptional leadership.

Please also list all of the Good criteria below

ChatGPT said:

Here are the criteria for a school to be rated "Good" under the Ofsted framework:

1. Quality of Education (Good)

- Curriculum Intent:
 - The school provides a broad and ambitious curriculum that meets the national curriculum or equivalent.
 - The curriculum is coherently planned and sequenced to build knowledge and skills progressively.
 - Pupils, particularly those who are disadvantaged or have SEND, gain the knowledge and cultural capital needed to succeed in life.
- Curriculum Implementation:
 - Teachers have strong subject knowledge and present information clearly.
 - Effective use of assessment strategies ensures students grasp the content.
 - Misconceptions are identified and addressed effectively.
 - Pupils engage well and develop their knowledge across different subjects.
- Curriculum Impact:
 - Pupils develop detailed knowledge and skills and achieve well.
 - Pupils read widely and fluently with good comprehension.
 - Students demonstrate strong progress, including in national assessments.
 - Pupils with SEND achieve the best possible outcomes.

2. Behaviour and Attitudes (Good)

- High Expectations:
 - The school has high standards for behaviour and conduct, which are applied consistently.
 - Pupils behave well, show respect for others, and are positive in their learning.
- Safe Environment:
 - Bullying is not tolerated and dealt with swiftly.
 - Pupils feel safe and well supported at school.
- Attendance & Conduct:
 - Pupils attend school regularly and are punctual.
 - Suspensions are used appropriately, and reintegration is managed well.
- Positive Attitudes to Learning:
 - Pupils are engaged, resilient, and take pride in their work.

3. Personal Development (Good)

- The curriculum goes beyond academic subjects to develop pupils' spiritual, moral, social, and cultural understanding.
- Pupils receive high-quality pastoral support and guidance.
- Schools provide enrichment opportunities that develop students' talents and interests.
- British values such as democracy, the rule of law, individual liberty, and mutual respect are promoted.
- Pupils are encouraged to engage in community and leadership activities.
- Careers education is well planned, using the Gatsby Benchmarks, and all pupils receive impartial career advice.

4. Leadership and Management (Good)

- Strong Vision:
 - Leaders have a clear and ambitious vision for the school, realized through shared values, policies, and practices.
- Curriculum & Teacher Development:
 - Leaders develop teacher expertise to enhance curriculum delivery.
 - Staff receive ongoing professional development.
 - Workload is considered, and staff well-being is supported.
- Accountability & Governance:
 - Leaders hold staff accountable for teaching quality and student outcomes.
 - Governors/trustees are engaged and ensure effective leadership.
 - Leaders effectively use resources and manage funding.
- Safeguarding:
 - Safeguarding policies and practices are strong, ensuring all pupils are safe.

5. Early Years Provision (Good)

- The EYFS curriculum is well-structured, providing strong foundations in learning.
- A sharp focus on developing vocabulary and communication skills.
- Children engage actively and are well-prepared for Year 1.
- SEND children and disadvantaged pupils receive tailored support and achieve well.

6. Sixth-Form Provision (Good)

- Challenging and well-planned curriculum for post-16 students.
- Students achieve strong outcomes, supporting future education and employment.
- High-quality careers guidance helps students transition effectively.
- Students are motivated, engaged, and show strong commitment.

Summary

A school rated Good by Ofsted must consistently meet all the outlined criteria across quality of education, behaviour, personal development, leadership, and provision. Schools that go beyond these standards in all areas may be considered Outstanding.

Would you like a comparison between "Good" and "Outstanding" criteria or help with improvement strategies?
