

Sample 1

I Need a lesson for all of my KS2, Year 5 pupils about teasing, inclusive play and kindness. We are really struggling in the playground at the moment. I Need the lesson to have some engaging tasks to bring them together in small groups and also which will help them see how poor inclusion can start to lead into bullying. I have no idea where to start with this.

Taught At Primary Lesson: Kindness, Inclusion, and the Teasing Line (KS2, Year 5)

This lesson uses a collaborative approach and scenarios to help pupils distinguish between joking, teasing, and bullying, with a focus on empathy and playground inclusion.

Section	Learning Objective (LO)	Time	Strategy & Focus
LO	To distinguish between joking, teasing, and bullying, and explore how lack of inclusion can lead to hurtful behaviour.	—	Trauma-Aware Focus: Focus on teaching skills for "repair and restore" and reinforcing positive social and emotional learning (SEL) skills such as empathy and self-awareness.
Key Vocabulary	5 mins	Explicit teaching, visual display on the whiteboard.	

Starter	"One Kind Word" Reflection	5 mins	Low-stakes, focuses on positive feelings.
Main Teaching	Joking, Teasing, or Bullying? Sort	20 mins	Active learning, collaborative group work, explicit skill-building.
Independent Work	The Inclusion Line (Scenario Analysis)	10 mins	Differentiated questions, focus on bystander role and social awareness.
Plenary	Pledge Path	5 mins	Reflection, commitment to positive change.

Lesson Details

Lesson Objective

To distinguish between joking, teasing, and bullying, and explore how lack of inclusion and teasing can escalate into hurtful behaviour.

Key Vocabulary

Term	Pupil-Friendly Definition	Scaffold/Prompt
Kindness	Showing care, empathy, or respect with your words and actions.	Acts of kindness fuel kindness (visual prompt).

Teasing	Making fun of someone playfully, which can sometimes turn hurtful, even if unintentional.	The line between teasing and hurting.
Bullying	Repeated unkind behaviour where the goal is to have power over or hurt someone else.	It is Repeated , Intentional , and about Power (RIP acronym).
Empathy	The ability to understand or imagine how another person is feeling.	"How would I feel if this happened to me?" (Self-talk prompt) .
Inclusion	Making sure everyone feels they belong, are respected, and can fully participate in play.	Look, Listen, Welcome (action prompt).
Bystander	Someone who witnesses an event but is not directly involved; they have the power to help or ignore.	The power of the bystander.
Escalation	When small problems (like teasing) grow into bigger, more serious problems (like bullying).	Visual of a small flame growing into a large fire.

Starter: "One Kind Word" Reflection

1. **Teacher Input:** Share the idea that even one kind word can provide hope, change someone's perspective, or brighten their day, breaking the cycle of bullying.
2. **Activity (Pair-Share):** Ask pupils to think of a recent small act of kindness they either gave or received in the playground.
3. **Model/Share:** Ask a few pupils to share their positive experiences. Model the use of "I felt..." statements to practice emotional literacy.

Main Teaching: Joking, Teasing, or Bullying?

1. **Explicit Instruction:** Use the key vocabulary to explain the differences between **Joking**, **Teasing**, and **Bullying**. Emphasise that joking and teasing are often unintentional but can quickly become hurtful, while bullying is repeated and aimed at gaining power.
2. **Collaborative Activity:** Divide the class into mixed-ability small groups (3-5 pupils). Give each group a set of scenario cards (provided in the worksheet).
3. **Group Task:** For each card, pupils must collaboratively discuss and agree whether the scenario is **Joking**, **Teasing**, or **Bullying**.
4. **Scaffolded Dialogue:** Provide groups with sentence stems to cultivate reasoning and justification:
 - "I think this is [Teasing/Bullying] because it is/is not repeated..."
 - "It might feel hurtful because..."
 - "We can tell it might be bullying because of the power difference/repetition..."
5. **Whole-Class Discussion:** Use a gallery walk or circle time to review groups' choices and discuss *why* they chose that category. Focus on using **empathy** to consider the victim's perspective: "How would the person in the scenario be feeling?".

Independent Practice: The Inclusion Line

Scenario: *You see a new pupil standing alone by the fence every lunchtime. A small group of pupils keep calling out their shoes are "ugly" and laughing.*

Task Type	Questions
Multiple Choice (Recap)	1. What is the goal of bullying ? (A) To have fun (B) To gain power or hurt someone (C) To make someone laugh.
	2. What is the most important thing to remember about teasing? (A) It is always kind. (B) It is usually playful. (C) It can quickly become hurtful.
	3. Which of these shows empathy ? (A) Laughing at the joke (B) Imagining how the new pupil feels (C) Telling the group to stop immediately.

	4. What is a key sign that a problem is bullying ? (A) It happens only once (B) It is repeated unkind behaviour (C) It is accidental.
	5. What role is the pupil standing alone playing? (A) Teaser (B) Victim (C) Bystander.
Short-Answer (Application)	1. Why might the laughing group think they are "just teasing"?
	2. How might the new pupil feel about their shoes being called "ugly"? (Use empathy to explain).
	3. Name one kind thing a bystander could do in this situation.
	4. What simple phrase could the new pupil say if they are ready to use their voice?
	5. In what ways does excluding the new pupil make the situation worse?
Extended Reasoning (Skills-Focus)	1. Responsible Decision-Making: Use the "Turtle Technique" process to explain the steps the laughing group needs to take after a teacher intervenes (identify problem, name feelings, brainstorm solutions).
	2. Explain how this small incident of teasing/exclusion is starting the process of escalation towards bullying. What makes it a power problem?.

Challenge/Stretch Tasks

1. **Allyship Strategy (Advanced Role-Play):** In pairs, devise a short, respectful role-play demonstrating how a bystander could interrupt the negative behaviour and invite the excluded pupil to join in play, practicing inclusive communication skills.
2. **Kindness Charter:** Design a visual "Kindness Charter" (poster/mind-map) for the playground, listing 5 practical, positive rules for **Kindness** and **Inclusion** that can stop bullying before it starts.

Plenary: Anti-Bullying Pledge Path

1. **Reflection:** Bring the class back together. Ask pupils to revisit their scenario work: *What is one new thing you have learned about teasing today?* (Retrieval focus).
2. **Pledge:** Ask each pupil to write one **personal anti-bullying pledge** to kindness and inclusion on a small slip of paper or a sticky note (e.g., "I pledge to look out for others" or "I will ask teasing to stop").
3. **Community Reinforcement:** Collect the pledges to create a visible class display or metaphor (e.g., "Pledge Tree" or "Kindness Rock Garden" where they place a decorated stone) as a lasting, physical reminder of their commitment to a positive environment.

Plan me a lesson on Europe. The countires that make it. Key momnents in its history from the birth of the current countires which make it up, to the way it opoerates now. This is for our Yeah 6 pupils.

Here is a 45-minute Key Stage 2 (Year 6) lesson plan and accompanying worksheet focused on the countries of Europe, their key historical moments, and the function of the European Union (EU).

Taught AI Primary Lesson Plan: The Map and Milestones of Europe (Year 6)

This lesson is designed to align with the core value of **Curiosity** and the curriculum priority of building rich **Knowledge** about the world.

Lesson Objective

Pupils will be able to **identify the countries of Europe**, sequence **key historical turning points** in the formation of modern Europe and the EU, and **explain the core function** of the European Union.

Key Vocabulary

Term	Definition (Pupil-Friendly)
Sovereign Nation	An independent country that governs itself; it is not ruled by another state.
Unification	The process of combining or joining together many separate parts (like smaller states) into one single country or entity.

Nation State	A political idea where a group of people who share an identity (like culture or language) live together in a single, independent country.
European Union (EU)	An economic and political alliance of 27 countries in Europe that work together on trade, laws, and security. It grew out of post-World War II cooperation.
Brexit	A historical term for the political decision and process for the United Kingdom to leave the European Union in 2020.
The Euro (€)	The common currency used by 20 of the EU member countries (known as the 'eurozone') to make trade and travel easier.
Cold War	A state of political tension and conflict after World War II, mainly between the United States and its allies (like NATO) and the Soviet Union/Russia and its allies.

Starter Task (5 minutes)

- **The Big Picture (Activating Prior Knowledge):** Display a large, blank map of Europe (or project a digital one).

-
- Getty Images
- Ask pupils to work in **mixed-ability/language pairs** to quickly list as many European countries as they can on a mini-whiteboard in 60 seconds.
- **Share and Connect:** Ask pairs to share. Briefly note that Europe has **44 countries**, and discuss which countries they named. This activates knowledge and sets a high expectation.

Main Teaching: From Fragmentation to Unity (25 minutes)

1. Forming the Modern Map (10 minutes)

- **Brief Explanation:** Explain that the map of Europe hasn't always looked the same; the **modern nation-states** we know today were formed through many **Wars, revolutions, and periods of unification**.
- **Key Historical Moments:** Introduce four foundational turning points in the emergence of modern states, emphasising the context and impact on communities:
 - **The French Revolution (1789):** This major event broke down the old system of kings and empires, introducing new political ideas and encouraging the growth of democracy and **nationalism** across Europe.

- **The Napoleonic Era (1803–1815):** Napoleon's conquests redrew the map of Europe many times, leading to further resistance and eventually the **unification of countries** like Italy (1860) and Germany (1870).
- **World Wars I and II (1914–1945):** These devastating conflicts resulted in the collapse of large empires and a desire to form many new, independent **nation-states**, fundamentally remaking the map of Europe.

2. The Birth and Function of the European Union (15 minutes)

- **Modelled Explanation (CPA Approach):** Use a structured approach to explain the EU:
 - **Concrete Need:** Begin by asking: "Why would countries that fought two huge wars want to work together afterwards?" Explain that after 1945, there was a shared desire for **peace and economic stability**.
 - **Pictorial/Visual Support:** Show the original **six founding members** of the European Communities (Belgium, Germany, France, Italy, Luxembourg, Netherlands) in 1958.
 - **Abstract Concept: Core Function:** Explain the purpose of the modern **European Union (EU)**:
 - It is a **political and economic alliance of 27 countries**.
 - Its **core goal is to promote free movement** of goods, services, **people**, and capital between member states (known as the 'internal market').
 - It has three main governing institutions: the **European Commission** (proposes laws), the **European Parliament** (elected representatives, approves laws), and the **European Council** (top political leaders).
 - **Scaffolding Understanding:** Ask **closed questions** to check core facts (e.g., "How many current EU members are there?") and use **open questions** to encourage **reasoning** (e.g., "Why do you think the EU helps promote peace?").

Independent Practice (10 minutes)

Pupils work through the worksheet, using their notes and the provided vocabulary to support their answers. **Scaffolding/Adaptations** should be used for EAL/SEND learners, such as providing a printed glossary and a peer buddy.

2. **Compare:** If you lived in a **Sovereign Nation** that was **not** part of the EU, how might your experience of trade or travel be different compared to a person living in a country like France or Germany?
3. **Analyse:** The EU has institutions like the European Commission and Parliament. Explain why it is important for the EU to have **rules and laws** that apply to all member countries to make the "internal market" work.
4. **Hypothesise:** If a country in Europe was struggling to maintain its economy, how might being a member of the European Union potentially help them?

5. **Critique:** Why might some people believe that the process of **Unification** into larger **Nation-States** (like Italy or Germany) was a more important historical event than the creation of the EU?

4. Challenge/Stretch Tasks (Critical Thinking & Creativity)

Lesson Plan: Safe, Kind Playtime

Section	Time (min)	Activity & Strategy
Learning Objective	2	Pupils will be able to identify and apply ⁴ three key rules for safe and kind play ⁵ during unstructured times, practicing a simple calming technique ⁶ to help regulate strong emotions.
Key Vocabulary	5	Introduce and drill the 5 key terms below. Use visuals and simple gestures for each.
Starter: Picture Match	5	Visual Sort: Show images of acceptable (kind) and unacceptable (unkind/unsafe) play behaviour. Pupil uses a simple Mini Schedule/First-Then board ⁷ visual to sort ⁸ the images into two columns (Playtime:  OK /  NOT OK).
Main Teaching: The Calm Tool	15	Model & Rehearse: Explicitly teach one simple self-calming strategy (e.g., Deep Turtle Breaths: head down, hands linked, count to 5) ⁹ . Connect the feeling (Anger/Frustration) to the skill (Calm Breath) ¹⁰ . Use clear, simple steps ¹¹ .

		Model failure and re-start the calming process ¹² .
Independent Practice: Scenario Cards	15	Role-Play/Discussion: Pupil uses scenario cards (e.g., "Someone took my ball") to first identify the emotion , then apply the calming technique taught. Follow up with a Speaking Frame ¹³ to articulate a safe, kind choice ¹⁴ .
Plenary: Exit Ticket	3	Retrieval: Pupil completes an exit ticket activity (e.g., drawing their preferred calming technique or pointing to the correct picture of safe play).

Scaffolded Key Vocabulary (Vocabulario Clave)

English Term	Pupil-Friendly Definition	Spanish Translation
Safe Body 15	Keep your hands and feet to yourself. No hitting.	Cuerpo Seguro
Kind Words ¹⁶	Using nice words and nice voice, no shouting.	Palabras Amables
Fair Play	Following the game rules so everyone can have a turn.	Juego Limpio
Angry	A strong, hot, mad feeling inside you.	Enojado

Calm ¹⁷	Feeling slow, cool, and quiet inside.	Calma
---------------------------	---------------------------------------	--------------

Trauma-Informed Strategies & Rationale

- **Explicit, Clear Rules:** Pupils with trauma may benefit from **clear, predictable routines and low-arousal environments**¹⁸¹⁸¹⁸¹⁸. The use of short, **positive, directive language** avoids confusion and anxiety¹⁹¹⁹¹⁹¹⁹.
- **Visual Scaffolds:** Essential for EAL learners²⁰ and pupils with SEMH/PTSD to anchor abstract concepts like 'kindness' and 'calm'²¹. The lesson uses visuals and **Mini Schedules**²² (e.g., "First: Angry. Then: Deep Breath") to manage transitions and emotions²³.
- **Regulation Before Reasoning:** The **Main Teaching** focuses on the physical calming technique first (Deep Turtle Breaths)²⁴—**connection before correction**²⁵. Reasoning (Scenario Cards) only happens once the 'system is calm'²⁶.
- **Speaking Frame:** Provides **scaffolding** for verbal output (reduced language load) and structures the thinking into a **Responsible Decision-Making** framework²⁷²⁷²⁷²⁷.
