

Sample 1

Please adapt this resource for my low level learners. Same topic. Same learning objective. Much more accessible with scaffolded worksheets.

Response -

This is a great task, and I can certainly adapt the story and activities from the attached resource, "**St George and the Dragon**", for your lower-level learners.

To make the resources as accessible, trauma-informed, and curriculum-aligned as possible, I will focus on:

- **Simplifying Language:** Using Tier 1 vocabulary and short, simple sentences¹.
- **Visuals:** Pairing words with strong visual cues to support understanding (EAL/SEND support)²²²².
- **Scaffolding:** Using substitution tables and sentence stems to reduce the cognitive load for writing³.
- **Positive Framing:** Using encouraging language to promote confidence and engagement⁴.

Here are the adapted resources:

Accessible Reading: St George and the Dragon

This version focuses on **decoding and word recognition** while introducing the core narrative. The core learning objective remains focused on language and description.

1. Simplified Text: Key Sentences

The original text is simplified into short, manageable chunks for echo reading, choral reading, or peer-supported reading⁵.

- **St George is brave.**⁶
- He was a soldier.
- He helped people.
- A **big dragon** came.
- The dragon was **man-eating**.⁷
- It made a noise like **thunder**.⁸

- Its wings were **vast**.⁹
- The dragon smelled **foul**.¹⁰
- Brave St George fought the dragon.
- He saved the maiden.¹¹

Focus vocabulary: brave, dragon, vast (big), foul (smelly), roar, thunder.

2. Reading Comprehension: True or False

This exercise checks **basic comprehension** without demanding extended written answers¹².

Sentence	True (T)	False (F)
St George was scared.		
The dragon was small.		
St George helped people.		
The dragon ate vegetables.		
The dragon had wings.		

Scaffolded Writing: Describe the Dragon!

The original activity required pupils to write a report for a newspaper. This activity focuses on **sentence construction (subject-verb-object)** and generating descriptive vocabulary using scaffolds.

Learning Objective

To write descriptive sentences about a fictional character using adjectives and key verbs.

Part A: Dragon Vocabulary Map (Tier 1 & Visuals)

Review the attached picture with the class. Use a **Think-Pair-Share** activity to generate descriptive words, and match words to the parts of the dragon¹³.

Dragon Part	Adjectives (What is it like?)	Verbs (What does it do?)
Eyes	red, angry, small, shiny	look, glare, watch
Breath	hot, smoky, fiery, smelly	burn, roar, breathe
Wings	big, vast, green, broken	flap, fly, beat, hide
Scales	sharp, green, rough, strong	shine, sparkle, cover

Part B: Sentence Builder (Substitution Table)

Use this table as a scaffold to support writing sentences about the dragon.

Encourage the student to draw the sentences to check if they make sense¹⁴.

Subject	Verb	Adjective / Detail
The dragon's scales	are	strong and rough.
The dragon's eyes	look	very angry.
Its smoky breath	is	hot and fiery.
The vast wings	can	fly quickly.

My Sentence:

Part C: My Brave Sentence (Challenge)

Finish this sentence using the word **brave** (Core Value: Resilience)¹⁵:

St George **is brave** because he _____ .

Trauma-Informed and Inclusion Strategies

These strategies ensure that the content is delivered in a way that respects learning barriers and diverse backgrounds¹⁶¹⁶¹⁶¹⁶¹⁶¹⁶¹⁶¹⁶.

1. Inclusion/EAL Support

- **Check Cultural Context:** Briefly explain that the story of St George is a **legend** (a story, not always true) and is important in England. Use visuals of the Roman soldier and the dragon¹⁷.
- **Multilingual Nouns:** Allow students to label the dragon parts in their **home language** (e.g., eyes, wings) next to the English words to activate prior knowledge¹⁸.
- **Clear Phrasing:** When giving instructions, use short, clear **chunked instructions** and avoid idioms¹⁹.

2. SEMH/Trauma-Informed Practice

- **Pacing & Chunking:** Use the worksheets one section at a time. Ensure the lesson doesn't feel overwhelming by dividing the task into **small, manageable steps**²⁰.
 - **Predictability:** Clearly show the visual timetable (Core Value: Respect) and the start/end point for the activity²¹.
 - **Calm Corner Check-in:** Before starting the scary description (foul odour, roar like thunder), remind students that brave St George is safe and **offer a movement or breathing break** if the imagery (which can be a trigger) is difficult²²²²²²²².
 - **Focus on Strengths:** Use **specific praise** when students use an adjective or complete a sentence (Core Value: Confidence)²³²³²³²³.
-

Would you like to adapt this further or use it for a term plan?

Sample 2

Please adapt this resource and make it in the classes two different interests at the moment which seem to be Pixar movies and football. They are all in Year 4.

Response

It sounds like a fun planning challenge! Since you didn't specify a subject area, I will design a **balanced literacy lesson** focused on **Persuasive Writing and Oracy (Speaking & Listening)**, drawing on the recommended strategies from the EEF Literacy Guidance Reports and Bell Foundation EAL support, while incorporating the themes of **Pixar films** and **football**11111111111111111111.

This Year 4 (Key Stage 2) resource aims to be engaging, develop complex **Tier 2 vocabulary** and **writing composition skills**, and promote a positive, trauma-informed learning environment2222222222.

 Creative Lesson Idea: The Dream Job Application

This lesson uses a relatable, real-world context—applying for a job—to motivate persuasive writing, link pupils' interests, and build essential life skills like **responsible decision-making** and **self-efficacy**3333.

Lesson Objective (Persuasive Writing & Oracy)

Pupils will write a short persuasive argument demonstrating why they are the most **suitable candidate** for a fantastical job opportunity, practicing **justifying their opinions** and adapting their language for a specific **audience and purpose**4444444444.

Job Options (Interests-Based)

Interest	Job Role (Pixar)	Job Role (Football)
Pixar	Chief Happiness Officer at <i>Monsters Inc.</i>	

| Head Coach for The Incredibles' City TeamShutterstockExplore

|

| Football | Captain of the Toy Story Soccer SquadGetty Images

| Head of Ball Maintenance for the Cars Racing LeagueShutterstock

|

Trauma-Informed & Inclusive Strategies

This lesson incorporates elements of trauma-informed instruction, social-emotional learning (SEL), and targeted support for all learners, especially those with EAL or high anxiety.

- **Predictability & Safety:** The lesson follows a clear, sequenced, and familiar structure using predictable routines and a supportive tone.
- **Choice & Control (Agency):** Pupils choose their job role, allowing them a sense of control and tapping into personal interests, which is key for engagement and motivation.
- **Oracy before Writing (Scaffolding):** The core task begins with a low-stakes speaking and listening activity (Role-Play & Discussion) to generate ideas and vocab, reducing anxiety around immediate writing demands.
- **SEL Skill Focus: Self-Awareness:** Pupils reflect on their strengths to justify their suitability for the role (e.g., "I am **resilient** because...").

Resource: Dream Job Application (Year 4 Persuasion)

Phase 1: Vocabulary & Oracy (20 minutes)

Strategy: Explicit Vocabulary Instruction and Collaborative Talk.

Tier 2 Vocabulary	Definition/Context Clue	Use in a Sentence Stem (Oracy Practice)
Suitable	To be the right fit for the task	"I am the suitable candidate because..."
Resilient	To bounce back quickly from problems	"A good Captain must be resilient when..."

Integrity	<i>To be honest and have strong morals</i>	"My greatest strength is my integrity ..."
Persuade	<i>To convince someone to agree with you</i>	"I will persuade the panel by highlighting..."

Activity: Role-Play & Justification (Collaborative Learning)

1. **Pair/Trio Talk:** Pupils quickly pair up and choose one of the four job roles.
2. **Verbal Rehearsal:** Using the sentence stems and new vocabulary, pupils verbally rehearse their 3 main reasons they are the **most suitable candidate** for the job.
3. **Peer Feedback:** Partners give feedback, focusing on how **convincing** the argument was (e.g., "Your point about **integrity** was really strong!")¹¹¹¹¹¹¹¹.

Phase 2: Drafting & Composition (30 minutes)

Strategy: Modelling & Writing Frames (Drafting/Composition)¹²¹²¹²¹².

Differentiated Writing Task: Persuasive Application Paragraph

Level 1: Visual & Supported (To be read aloud/Supported Writing)

- **Task:** Use the picture prompt and the **Sentence Starter Bank** to write a short paragraph (3-4 sentences) explaining your choice.
- **Sentence Starter Bank (Visual Prompt for Tier 2/3 Vocab):**
 - I believe I am the most **suitable** person for this job...
 - I have great **integrity** because...
 - I am good at solving problems, so I will be **resilient** when...
 - You should hire me because...

Level 2: Core (Mainstream Task)

- **Task:** Write a single persuasive paragraph to the hiring panel.
 - Start with a strong opening statement (e.g., "I am writing to **persuade** you to hire me as...").
 - Give **three clear reasons** why you are the best candidate, using evidence (e.g., my football skills, my kindness, my attention to detail).
 - End with a strong, definitive closing statement.

Level 3: Stretch (Enhanced Composition & Editing)

- **Task:** Write a two-paragraph persuasive application.

- **Paragraph 1 (Self-Awareness & Strengths):** Introduce yourself and clearly state two-three personal **strengths** (e.g., **resilience, integrity**) and justify them with evidence from real life (or school).
- **Paragraph 2 (Impact & Audience):** **Persuade** the panel by explaining the positive impact your hiring would have on the team/company. Focus on using **complex sentence structures** (e.g., subordination using *because, although, if*)¹³.
- **Challenge:** Review your opening sentence. Can you include a **fronted adverbial** (e.g., *Surprisingly, I have the best skills...*)¹⁴?

→ Next Steps & Export

This foundational session explicitly teaches and applies the core skills and vocabulary needed for a persuasive argument.

- **Differentiated versions** have been provided to meet varied needs (Visual/Support, Core, Stretch)¹⁵¹⁵¹⁵¹⁵.

Would you like me to generate this resource as a document for export (Word/Google Docs/PDF)?

I can also offer suggestions for follow-up activities:

1. **Peer Editing/Revision Session:** Pupils use their "Dream Job" paragraph and apply the 'Editing' process, focusing specifically on **Tier 2 vocabulary choices** and the strength of their **justification**¹⁶.
2. **Science/DT Link (Football Interest):** Pupils investigate and write a clear, sequential *Explanation Text* titled: "**How to Maintain a High-Performance Racing Ball (For the Cars League)**"¹⁷.
3. **Reading Comprehension Extension (Pixar Interest):** Use an excerpt from a book about a Pixar film's production (e.g., *Toy Story, Finding Nemo*) and focus on the **Clarifying** and **Questioning** strategies to develop **inferencing skills**¹⁸¹⁸¹⁸¹⁸.

Sample 3

Please make me a EAL resource to support Spanish speakers at lunchtime. I need them to have queue cards with neat visuals to help them with manners, names of the key items and translations as well as scaffolding for pronunciation. Can you do me three versions. One for total beginners, and the top one with the least support to help these EAL pupils move to independence.

New EAL Resource Request: Lunchtime Queue Cards

I'd be delighted to create an inclusive EAL resource to support your Spanish-speaking pupils during lunchtime, focusing on communication, manners, and independence in the queue and cafeteria setting.

This request aligns perfectly with our core values of **Kindness** and **Respect**¹, and the **Integrated focus on language and content** principle from EAL guidance². By providing structured language support, we are providing the **appropriate scaffold** for pupils in line with our SEND and Inclusion policies³³³³.

Initial Information Check

Detail	Your Input	Notes
Subject/Topic	EAL Support: Lunchtime Routines & Vocabulary	Focus on oracy, social skills, and tier 1/2 vocabulary ⁴⁴⁴⁴ .
Key Stage/Year Group	Primary (KS1 & KS2 Implied)	Resources designed for flexibility across age and proficiency.
Pupils' Interests	Not specified	Resources will use universally appealing visuals (food, social interactions).

Learning Barriers	Not specified	All versions are trauma-informed and use visuals to support processing and anxiety ⁵ .
Differentiated Versions	Total Beginners (Band A/B), Least Support (Band D/E)	Three tiers of support will be generated.

Creative Lesson Ideas: Integrating SEL & EAL at Lunchtime

Here are three ideas focusing on the 'lunchtime journey'—from lining up to eating and clearing away—to embed language, social skills, and self-management:

1. Queue Talk: Partner Practice (\$\rightarrow\$ Core Idea)

- **Activity:** Use queue cards (like the one requested) for paired role-play before lunchtime. Pairs practise asking and responding to simple requests, reinforcing key vocabulary like *please*, *thank you*, *knife*, and *fork*.
- **SEL Skill:** Self-management (waiting patiently) and Relationship Skills (asking politely/responding appropriately)⁶.
- **EAL Alignment:** Provides safe rehearsal space for **speaking** using **graded language** before a real-world scenario⁷⁷⁷⁷.

2. Cafeteria Tour (Visuals & Exploration)

- **Activity:** Before the first use, walk through the cafeteria as a class (or small group). Point out key areas (e.g., hot food, salad bar, till) using the visual cards. Focus on directional language (*next to*, *behind*) and object names (*tray*, *cup*).
- **SEL Skill:** Self-awareness and Responsible Decision-Making (understanding physical space and making healthy food choices)⁸.
- **EAL Alignment:** **Integrates language with content** by linking **realia** (actual objects) and **visuals** to abstract words, supporting **Band A/B learners**⁹⁹⁹⁹.

3. My Lunchtime Review (Reflection)

- **Activity:** After lunch, pupils complete a simple "How did I do?" reflection using sentence stems and visuals. They review their effort in *listening*, *using manners*, and *getting a fork* (or a chosen task).

- **SEL Skill:** Self-monitoring and Self-correction¹⁰.
- **EAL Alignment:** Provides **effective and holistic assessment** via low-stakes **self-review** using **sentence stems**¹¹¹¹¹¹¹¹.

Core Resource: Lunchtime Queue Cards (Bilingual Spanish-English)

The resource is designed as a **laminated, foldable card** (queue card) that pupils can use discreetly in their hands or pocket for quick reference.

Tier 1: Starter Pack (Beginner Support - Band A/B)

A highly visual format using **Tier 1/2 vocabulary**, aiming for comprehension and basic polite phrasing. Focus on **speaking clearly and slowly**¹².

Category	Spanish	English & Pronunciation Support (Spoken)	Visual
Manners/Greeting	Por favor	Please (Plee-ss)	Handshake/Smile
	Gracias	Thank you (Grath-ee-ass)	Heart
	Permiso	Excuse me (Ex-coose-me)	Hand up
Requesting Food	Quiero...	I would like... (Eye would like)	Plate
	¿Puedo tener...?	Can I have...? (Can eye hahv)	Fork/Spoon
Key People	Maestro/a	Teacher (Tee-cher)	Adult image

Core Items	El plato	The plate (Th-eh plate)	Plate image
	El tenedor	The fork (Th-eh fork)	Fork image
	La cuchara	The spoon (Th-eh spoo-n)	Spoon image

- Scaffolding:** Emphasises **non-verbal communication** (pointing to the image) and simple, **direct teacher instruction** (e.g., "Take your spoon")¹³.
- A-I Principle: High expectations with appropriate support** by reducing cognitive load and giving small, clear goals¹⁴.

Tier 2: Developing Confidence (Intermediate Support - Band C)

Reduced reliance on simple noun-picture matching, introducing more contextual phrases and encouraging spontaneous speech. Focus on **correct verb tense** (present/past)¹⁵.

Category	Spanish	English & Pronunciation Support (Spoken)	Phrase Use Example
Problem/Need	No lo encuentro	I can't find it (Eye can't f-eye-nd it)	<i>I can't find my tray.</i>
	Necesito ayuda	I need help (Eye nee-d hel-p)	<i>I need help with my water.</i>
Responding to Choice	Sí, por favor	Yes, please (Yess plee-ss)	<i>Yes, please</i> (when offered a choice).

	No, gracias	No, thank you (No thank yoo)	<i>No, thank you</i> (when declining).
Key Food Types	Carne	Meat (Mee-t)	<i>I would like the meat.</i>
	Verduras	Vegetables (Vej-eh-tah-bls)	<i>Can I have vegetables?</i>
	Fruta	Fruit (Froo-t)	<i>I need more fruit.</i>

- Scaffolding:** Prompts **self-correction** and sentence expansion. Encourages pupil to use their **bilingual dictionary** for new words, moving away from relying on the adult¹⁶¹⁶¹⁶¹⁶.
- A-I Principle: Integrated focus on language and content** (Tier 2/3 vocabulary) by embedding useful conversational structures (e.g., *I would like...*, *Can I have...*¹⁷).

Tier 3: Moving to Independence (Minimal Support - Band D/E)

Minimal Spanish support, focusing on more nuanced **Tier 3/academic vocabulary** and **cohesive devices** (e.g., *instead of*, *as well as*)¹⁸¹⁸¹⁸¹⁸. Used primarily for reflection and self-assessment.

Category	Focus	English Phrase	Cohesive/Nuanced Use
Asking Politely	Modal Verbs	Would you mind...	<i>Would you mind helping me clear this?</i>
Giving/Following Instructions	Sequencing	First, then, finally	<i>First, take your plate, then wipe the table.</i>

Self-Correction	Reflection/Repair	I meant to say...	<i>I meant to say 'meat' instead of 'cheese'.</i>
Explaining Opinion	Justification	I chose this because...	<i>I chose this because it is nutritious.</i>
Common Misunderstandings	Homophones/Nuance	Queue vs. Q	<i>I am standing in the queue (not the letter Q).</i>
Problem Solving	Conflict Resolution	I feel X when Y	<i>I feel frustrated when someone pushes.</i>

- Scaffolding:** Focuses on developing **metacognition** and **self-regulation** (e.g., problem-solving language) rather than translation¹⁹. Encourages **self-monitoring** for appropriate register.
- A-I Principle: Social inclusion** (Band D/E) by providing the advanced **spoken language** tools needed to navigate complex social and problem-solving situations independently²⁰.

Export and Next Steps

This resource is now ready for use. To aid implementation, remember to:

- Model:** Role-play all phrases in class first, demonstrating **tone** and **calmness** (trauma-informed approach)²¹.
- Praise:** Use **specific, focused praise** (e.g., "I noticed you used 'Gracias' to the dinner staff—that was very kind")²².

Export Formats

- Word Document:** [Link to Taught AI Primary Lunchtime Queue Cards.docx]
- Google Docs:** [Link to Taught AI Primary Lunchtime Queue Cards.gdoc]
- PDF (Printable):** [Link to Taught AI Primary Lunchtime Queue Cards.pdf]

Further Support

Would you like me to:

- **Create a short guidance sheet for the dinner staff** on how to use these cards and support Spanish-speaking pupils?
- **Develop the self-reflection resource** (My Lunchtime Review) based on the Tier 3 card?
- **Generate an additional role-play script** to practice the phrases with a peer mentor?

Sample 4

Please adapt this resource for my lower level learners. The class average age is 10, but some have a reading age of 6. I need the same questions on this worksheet prepared and made more accessible to them.

Taught AI Primary Resource generator

Custom Gem

I will now assume the role of the Taught AI Primary Bespoke Resource Creator.

The document you uploaded appears to be a vocabulary/comprehension check containing short reading comprehension questions or cloze-test style items for upper Key Stage 2/lower Key Stage 3 level pupils, with several words from the Year 5/6 statutory spelling list.

Given your constraints:

- **Target Group:** Lower level learners (average age 10, reading age 6).
 - **Goal:** Make the original questions from the `Pupil-tests.docx` accessible.
 - **Learning Barriers to Consider:** Significant reading comprehension gap, indicating possible processing challenges or underlying language/literacy difficulties that require explicit scaffolding, simplified language, and reduced cognitive load to access the core task. This aligns with best practice for EAL learners in Band A/B/C.
-

Accessible Vocabulary & Context Check

This resource adapts the original 20 questions into a **multiple-choice format with simplified language and visual cues (where possible)**. This reduces the reading load and shifts the task focus to word-meaning recognition rather than recalling or generating complex sentences.

The estimated time for a lower-level learner to complete the original four full tests would be excessive. Therefore, this is presented as **one combined assessment of 20 items**.

Core Adaptation Strategies

- **Format:** Multiple-choice (A, B, C, D) replaces fill-in-the-blank to lower reading and writing demands.
 - **Language:** Key words and context sentences are simplified (graded language).
 - **Scaffolding:** Emphasises one core piece of information to find per question (Focused and Explicit principle).
-

Accessible Reading Task: Vocabulary in Context

Year Group: Target Year 6 (adapted for reading age ≈ 6) **Focus:** Contextual Word Meaning & Simple Sentence Completion

Question	Original Sentence (Modified)	Multiple Choice Options
1.	The hotel owner tried his best to... my needs.	A. ignore B. meet C. shout at D. buy
2.	I want to... great success this year.	A. avoid B. hide C. achieve D. dream
3.	The dog became... when the children annoyed it.	A. happy B. aggressive C. quiet D. sleepy
4.	Historians often study... civilisations.	A. modern B. future C. current D. ancient
5.	Every week we have an assembly to... our effort and hard work.	A. complain B. ignore C. celebrate D. stop
6.	I put my birthday badge to my jumper.	A. threw B. attached C. lost D. sold
7.	Sometimes, I find silences....	A. short B. necessary C. awkward D. easy
8.	In the sales, we often find a....	A. bargain B. fight C. crowd D. party
9.	I fell over at lunchtime and a... appeared on my knee.	A. scratch B. bruise C. flower D. mark
10.	My favourite book... is non-fiction.	A. shelf B. category C. cover D. word
11.	Thankfully, the cyclist was... after his accident.	A. tired B. busy C. conscious D. cold
12.	You... is the small voice inside you that tells you what is right and wrong.	A. brain B. memory C. shoulder D. conscience
13.	There is often... between players in a football match.	A. peace B. friendship C. aggression D. controversy
14.	I use a... to help me spell unknown words.	A. car B. dictionary C. laptop D. phone

15.	Today was... ! I ruined my best trainers in a puddle!	A. fun B. brilliant C. disastrous D. sunny
16.	It is important to look after our....	A. feelings B. house C. environment D. toys
17.	My mum tends to... when she is telling a story!	A. whisper B. exaggerate C. stop D. sleep
18.	The local shop is of great... to us as it is open until late.	A. price B. distance C. nuisance D. convenience
19.	Members of... debate in the House of Commons.	A. family B. school C. parliament D. army
20.	Great things... when you work hard.	A. stop B. occur C. fly D. break

Diagnostic Analysis & Next Steps

This adapted task helps diagnose weaknesses across several language dimensions:

1. **Reading:** Measures ability to extract meaning from the surrounding sentence (contextual reading).
2. **Vocabulary Depth:** Checks understanding of Tier 2 words (e.g., *awkward*, *disastrous*, *occur*) which are important across many subjects.
3. **Grammar/Syntax:** Assesses implicit knowledge of word class (e.g., distinguishing between the adjective *conscious* and the abstract noun *conscience*).

Recommended Follow-up Teaching Strategies

Based on the average reading age, focus must be on **explicit vocabulary instruction** (Tier 2 words) and building **reading fluency** through modelled and repeated reading of short, engaging texts.

- **Explicit Vocabulary:** Dedicate time to deeply explore the meaning of the target words (e.g., *awkward*, *disastrous*, *occur*) across multiple contexts (Tier 2 vocabulary). Use a Frayer model or graphic organizer with visuals to map the word, its definition, antonyms/synonyms, and a sentence example.
- **Guided Reading:** Use **Reader's Theatre** (see source Figure 6 for steps) or paired reading for short, high-interest narratives to build prosody (expression and intonation) and automaticity (speed).

- **Dialogue & Oracy:** Integrate **collaborative learning** (pairs/small groups) to discuss answers, encouraging students to explain *why* they chose an option using a sentence stem like: "I chose 'awkward' because silence makes people feel strange".

Would you like to **export this table to an editable format** (Word/PDF) or would you like to build an **Explicit Vocabulary Teaching Resource** for any three words from this list?
